VOL. XVIII, No. 11

SPRINGFIELD, ILL., JUNE, 1919.

Single Copies, 10 Cents
25c per Year, in advance

TO ALL EMPLOYEES OF THE TELEPHONE AND TELEGRAPH COMPANIES.

During the past few weeks a great deal of news of interest to the employees of the telephone and telegraph companies, has appeared in the public press, relating to the differences existing between the International Brotherhood of Electrical Workers, the telephone and telegraph companies, and the Post Office Department, and with the object of acquainting all interested with the conditions of settlement reached between the International Brotherhood of Electrical Workers and the Postmaster General, we take this means of informing the employees of the telephone and telegraph companies of the provisions of Order No. 3209 issued by the Postmaster General.

The Order is as follows:

POST OFFICE DEPARTMENT.

Washington.

June 14, 1919.

Order No. 3209.

Employees of telephone companies shall have the right to bargain as individuals or collectively through committees or their representatives chosen by them to act for them. Where prior to Government control a company dealt with representatives chosen by the employees to act for them who were not in the

employ of the company, they shall hereafter do so. The telephone companies shall designate one or more of its officials who shall be authorized to deal with such individuals or representatives in matters of better conditions of labor, hours of employment, compensation or grievances, and such matters must be taken up for consideration within five days after presentation.

Such employees shall have the right to organize or to affiliate with organizations that seem to them best calculated to serve their interest, and no employee shall be discharged, demoted or otherwise discriminated against because of membership in any such organization, as prescribed in Bulletin No. 9, issued by me, dated October 2, 1918. In case of dismissal, demotion or undesirable transfer of employees where no real cause is shown by company for said dismissal, demotion or undesirable transfer, it shall be considered that discrimination was practiced and upon such finding the employee shall be re-instated to former position with full pay for time lost or shall be reimbursed for any loss sustained by reason of demotion or transfer.

Inability or refusal to perform the regular work of position occupied by them, excessive use of intoxi-

cants, dishonesty, incivility to subscribers or the public shall be considered sufficient cause for dismissal.

Where requests or demands are now pending, the telephone companies shall immediately proceed to negotiate a settlement.

All telephone companies are hereby directed to comply with the requirements of this order, and failure to do so on the part of any official will result in disciplinary action.

(Signed) A. S. Burleson,
Postmaster General.

It will be noted this settlement recognizes the rights of the employees of the telephone companies to bargain with the employers individually or collectively as they may desire. It recognizes the right of such employees to organize or affiliate with such organizations as

they desire. The order prohibits discrimination against any employee for joining an organization, and further provides that in the case of discrimination which results in dismissal, demotion or undesirable transfer, as a result of employees joining a Union or organization, that they shall be reinstated with full pay for time lost, or shall be reimbursed for any loss sustained.

The order also provides the telephone companies shall designate one or more of its officials to deal with such individuals or representatives in the matter of conditions of labor, hours of employment and compensation or other grievances, and that all demands or grievances now pending, the telephone and telegraph companies shall immediately proceed to negotiate with the proper representation of the employees, for settlement.

LOCAL FEDERATION OF ALL SHOP CRAFTS.

Atchinson, Topeka & Santa Fe Ry.
Albuquerque, New Mexico, June 3d, 1919

The Local Federation of Railway Shopmen, representing more than 1000 railway employes in the City of Albuquerque, New Mexico, in regular meeting assembled on June 3, 1919, adopted the following resolution anent the railroad situation:

Whereas, The Honorable Woodrow Wilson, President of the United States, has imposed upon Congress the responsibility of the final adjustment of the railroad situation, and

Whereas, our government's decision to seize the railroads and operate them under one centralized head, for the successful termination of the war, proved a wise and practical one, and

Whereas, this unified control has resulted in superior efficiency in the transportation of freight, such as more rapid movement, heavier loading of cars, use of shortest and most logical routes; and the more economic operation of both freight and passenger service, and

Whereas, many economies have been effected by judicious combinations of various kinds, viz: maintenance of the permit system so as to control the traffic at its source, thus avoiding blockading of terminals and consequent confusion; maintenance of heavy loads for cars; pooling of repair shops; elimination of circuitous routes; unification of terminals; maintenance of the sailing day plan; consolidation of ticket offices; utilization of universal mileage books; standardization of equipment; maintenance of uniform freight classification; establishment of the through way-billing of freight from point of origin to destination; elimination of old practice of paying in mileage, or per diem, rental for the use of freight and passenger cars of one carrier by another; simplification of the old practice for apportioning freight and passenger revenue as between the different carriers; utilization of water routes for the relief of crowded rail lines; by the elimination of many positions, or jobs, more ornamental than useful, etc., and

Whereas, Regional Director Hale Holden's report for the ten months period ending December, 1918, showed a saving of \$26,000,000.00 in the Central West Region alone as result of the aforesaid economies, and during a period of abnormal and unfavorable operating conditions due to the emergencies of the war, and

Whereas, we further believe that the return of the railroads to private control at this time would most certainly precipitate a nation-wide condition of industrial chaos and uncertainty; while

on the other hand the conditions of the two million railroad employes have improved under government control, as to wages, hours of labor and general harmony, and

Whereas, the present railroad administration has shown by its conduct that the following principles stand paramountly in view: Fidelity to the public interests, a square deal for labor, with not only an ungrudging but a sincere and cordial recognition to its partnership in the railroad enterprise, and fair treatment for all those with whom the railroads have business dealings, therefore be it

Resolved, that for the best interests of all concerned, we petition and urge our Senators and Representatives to support the "Plumb Plan" for government ownership of railways, and be it further

Resolved, that a copy of this resolution be sent each Senator and Representative from the State of New Mexico, to the Director General of Railroads, President of the American Federation of Labor, the grand officers of the affiliated crafts, and to other interested in the continuation of the government control of railroads.

Whereas, at the present time there are upwards of 1,000,000 men out of work in the United States, which condition is due to the shutting down of war industries and the discharge of returning soldiers and sailors:

Whereas, there are a large number of aliens, especially Japanese and imported Mexicans, working at wages from 40c to 68c per hour in the shops and engine-houses of the A. T. & S. F. Ry. at every division point on the Coast lines, and at many other points; the same general condition existing on all other western and southwestern railroads:

Whereas, these aliens are at some points furnished with housing conditions more favorable than that granted other classes of employes

Whereas, at many points these aliens are given very favorable working conditions and are not compelled to compete with American labor as regards quality

or quantity of work, and are practically immune from discharge:

Whereas, the elimination of aliens from railroad shops would throw open many thousands of vacancies which would either directly or indirectly furnish employment to the returning soldiers and sailors of the nation, therefore be it

Resolved, that we endorse the recent action taken by the Needles, California, and Winslow, Arizona, Federations and, that we go on record as demanding the entire elimination of all aliens from the shops of the Railway Administration, except where they have already taken out citizenship papers, and that their places be filled as soon as possible by Americans, and be it further

Resolved, that copies of this resolution be sent to Director General Hines, the Federal Department of Labor, to our Congressman and the Senators, to the President of the American Federation of Labor, to the grand lodges of the various affiliated crafts, and other interested in the welfare of returned soldiers and sailors.

WAGE BOARDS TO BE ESTABLISHED FOR NAVY YARD WORKERS.

Wage boards to recommend adjustments of pay of the thousands of classified civil service employees of the U. S. navy yards and stations throughout the country are to be set up immediately by Assistant Secretary Franklin D. Roosevelt, as the result of negotiations just concluded between the Navy Department head and the National Federation of Federal Employees. The order was issued by Secretary Roosevelt today following a conference with S. Tyson Kinsell, acting president of the National Federation and Ernest A. Grant, secretary of the Norfolk local of the Federation and representative of the clerical

forces of the navy yards and stations on the Atlantic Coast.

The erection of this machinery, according to Mr. Kinsell, is of far-reaching significance to Government employees, representing as it does the definite application of the principle of collective bargaining in the Department's dealings with its clerical forces. The employees believe it is largely because of the lack of such machinery hitherto that there is an average difference of \$1.52 per day in the pay of the clerical workers in the navy yards as compared with the Mechanical forces whose wage scales have been adjusted by boards of this character. More than 15,000 employees in the navy yards and stations will be affected by the operations of the newly established boards for the clerical service, and the National Federation of Federal Employees hope to secure the extension of the principle to the other Government departments.

Secretary Roosevelt's order, which is addressed to all Commandants of Naval Districts, Commandants and Industrial Managers of Navy Yards and Naval Stations, Inspectors of Ordnance in charge, Inspectors of Machinery, U. S. N., etc., reads as follows:

1. It is hereby directed that a board be appointed composed of three members, two of whom shall be representatives of the yard and one of whom shall represent the employees concerned for the purpose of collecting reliable data as regards wages paid persons in private establishments in the vicinity of the yards or stations performing clerical work of a character similar to that performed by the clerical employees in the yard or station under your command.

2. The term "clerical employees" shall be interpreted as embracing clerks, minor clerks, stenographers and typewriters, typewriters, bookkeepers, telegraph operators, telephone switchboard operators, storemen, store laborers, stockmen, stockmen special, and checkers, as such other miscellaneous designations under which the character of the work performed is naturally considered as of a clerical nature; and exclusive of chief clerks and supervisory clerks.

3. This data, when received, shall be compiled and presented in an orderly and convenient arrangement for the information of the Department.

(Signed) F. D. Roosevelt.

IN MEMORIAM

BROTHER JOHN MEYER.

Whereas, By the will of our Heavenly Father our esteemed and much beloved Brother John Meyer has been called away from his fellow members of Local Union No. 11, I. B. E. W., through an accident which happened a short while ago while in the performance of his duties, which he was never known to shirk, he died like a martyr, and we are glad to say he died like a martyr; words cannot express our feeling for his dear wife, also his dear father, mother, sisters and brothers who survive him; and our wishes of condolence from all the members of Local Union No. 11, especially from those who worked close to him, will be sent to his family; therefore, be it

Resolved, That the charter of our Local be draped for a period of thirty days, and on this meeting night our worthy President E. Bergen call for a solemn silence of prayer of one minute out of respect to our late Brother Meyer.

George B. Townley,
Paul Pyle,
Dan Kerns.

BROTHER C. H. WRIGHT.

Again that unwelcome yet relentless visitor, death, hath entered the portals of our lodge room and summoned a dear brother to the beautiful home beyond. His zealous work in the interests of our beloved order and his life, laden with gentleness and kind deeds, has won for him the plaudit of the good Master, and will cause his name to be cherished in the affectionate memory of our local; and,

Whereas, the all-wise Father hath called our beloved brother to the New Jerusalem, where "happily he hath heard the bells of the Holy City, the chimes of eternal peace." And he having been a faithful worker in our local; therefore, be it

Resolved, That I. B. E. W. No. 11, in testimony of its loss, and to express its brotherly love, its charter be draped in mourning for thirty days, and that we tender to the family of our deceased brother our sincere condolence and a copy of these resolutions be sent to the bereaved family, also a copy to our official journal for publication, and a copy to be spread upon the minute book of this local union.

C. H. Ross,
J. H. Kilsey,
Committee.

BROTHER BEMERLY J. GRIFFIN.

Whereas, Local No. 327, I. B. E. W., mourns the loss of one who was a true and loyal member, the country a good, loyal citizen, the home a faithful and devoted brother; therefore, be it

Resolved, That the members of Local Union No. 327, I. B. E. W., extend their deepest and heartfelt sympathy to his bereaved family in this, their hour of bereavement; and be it further

Resolved, That our Charter be draped in mourning for a period of thirty days as a token of respect to his memory, a copy of these resolutions be sent to the bereaved family; a copy be spread upon the Minutes of the Local, and a copy be furnished our official journal for publication.

May his soul rest in peace.

L. L. Sparks,
T. E. Herrin,
C. McEwen,
Committee.

BROTHER WILLIAM BLAIR.

Whereas, Local Union No. 348, I. B. E. W., has been called upon to pay the last tribute of respect to the memory of our late Brother William Blair, who was taken from our midst; and,

Whereas, Local 348 lost by his death a true brother, one who was held in high esteem not only by our own members, but by all who came in contact with him; therefore, be it

Resolved, That the members of Local 348, I. B. E. W., extend their deepest and heartfelt sympathy to his beloved wife and children, relatives and friends in their hours of sorrow; and be it further

Resolved, that this resolution be spread upon the minutes of this local, a copy forwarded to his family and a copy forwarded to our official journal, also that our charter be draped for thirty days in memory of our late brother.

Respectfully and fraternally,

Bro. A. Boyle,
Bro. E. D. Guinn,
Bro. J. Frame,
Committee.

BROTHER EDWIN SMITH.

Whereas, It has pleased our Heavenly Father to call from our midst, our esteemed Brother Edwin Smith.

Whereas, the members of Local 443 feel the loss deeply, as Brother Smith with his intimate relations held by all members of Local 443 deem it proper to express our sympathy and sorrow; and,

Resolved, That our charter be draped for a period of thirty days in respect to our deceased brother and a copy sent to the official journal for publication.

W. H. Bryant, Recording Secretary.

SON OF BROTHER PAUL CLARK.

Whereas, The Almighty in His infinite wisdom has deemed it wise to call from this life, Smith D. Clark, the son of Brother Paul Clark, and

Whereas, The departed had distinguished himself in rendering his services to his country in its time of need, be it

Resolved, That the members of Local Union 465, I. B. E. W., extend their deepest sympathy to the bereaved parents; and be it further

Resolved, That a copy of these resolutions be sent to Brother Clark and wife, also a copy to the official journal, and a copy be spread on the minutes of this local.

H. J. Leggett,
H. N. Peck.

BROTHER FRED TRAVIS.

Whereas, Local Union 748, I. B. E. W., has been called to pay its last tribute to Brother Fred Travis; therefore, be it

Resolved, That the charter be draped for a period of thirty days and that the heartfelt sympathy of this local be extended to his relatives through the Worker.

Geo. I. Olson, Recording Secretary Local No. 748.

BROTHER HERBERT MARTIN SNYDER

Whereas, in His divine wisdom, on May 1, 1919, the Heavenly Father called from our midst our beloved brother, Herbert Martin Snyder, and, whereas, we the members of Local Union No. 439, I. B. E. W., extend to his family and friends our heartfelt sympathy in this, their hour of grief and sorrow and to say we have always found him a true and worthy brother, with a cheerful helping hand wherever needed;

Resolved, That we bow our heads in prayer to the Almighty God that his soul may rest in peace, and be it further,

Resolved, That we drape our charter for a period of thirty days in due respect to his memory and that a copy of these resolutions be forwarded the bereaved family, a copy to our official Journal for publication and a copy be spread on our minutes.

M. L. Fruits,
C. L. Opp,
W. C. Fisher,
Committee.

Henry E. Gray, Recording Secretary.

BROTHER LAWRENCE MCGUIRE

Whereas, On June 5th, Local Union No. 44 lost one of its oldest and most respected members in the death of Brother Lawrence McGuire, and

Whereas, His death, though not unexpected, took from our midst one who ever and always command the highest esteem of all whose good fortune made them his acquaintance, therefore be it

Resolved, That as we bow reverently to the infinite wisdom of the all Great and all wise God, condoled only by the faith that He knoweth best who knoweth all, even unto the flight of a sparrow, we feel not alone our sorrow, but that of his family and to them extend, in all sincerity, the sympathy which their great loss compels, and be it further

Resolved, That in respect to his memory, we cause our charter to be draped in mourning for a period of thirty days, and be it further

Resolved, That a copy of these Resolutions be sent to his family.

F. Miller,
M. Curtui,
R. Cummins,
Committee.

Adopted June 6th, in memory of Brother Lawrence McGuire.

Around the Circuit.

L. U. No. 102, Paterson, N. J., has signed a new wage agreement with employers which provides for a minimum wage scale of \$6.50 per day for journeymen. Union shop conditions are provided in the agreement.

Local 114 of Fort Dodge, Iowa, have completed a new agreement with their employers, providing for new working conditions and increase of wages. The agreement was obtained without a suspension of work.

Local 316, of Ogden, Utah, entered into a new agreement with the employers of that city, providing for the union shop. Eighty-seven and one-half cents per hour for journeymen and improved working conditions.

Local No. 347, Des Moines, Iowa, has settled its strike with the contractors of that city. A wage scale of 81½ cents per hour is established beginning May 26th, then the scale automatically increases to 87½ cents per hour; foremen to receive 10 cents per hour above journeymen's pay. Complete recognition of the union is provided for in the agreement, also recognition of the Building Trades Council.

Local No. 286 of New Albany, Ind., assisted by Organizer Goble, has reached an adjustment of their differences with the United Gas & Electric Company of that city. Substantial increase in wages and improved working conditions are provided for in the agreement.

Local No. 335, Springfield, Mo., has reached an agreement with the contractors of that city, which provides for a wage increase of \$1.00 per day; eight hour work day; union shop conditions. The local was assisted by Organizer Jennings in conducting the negotiations.

Local Union 50a, Terre Haute, Ind., has entered into a new agreement with Citizens Independent Telephone Company of Terre Haute and vicinity. Substantial increase in wages and improved working conditions are provided for in the agreement. Eight hours is recognized as a full day's work, time and one-half for all overtime. All operators are to have a relief period of twenty minutes twice a day. Union shop conditions are provided for. Department Secretary Matthews assisted Local Union with negotiations.

L. U. No. 86, Rochester, N. Y., assisted by Organizer Boyle, has reached a settlement of their differences with employers and have established a wage scale of \$7.00 per day for journeymen, inside wiremen, fixture men, and motor repairmen. Journeymen in Panel and Switchboard shops, \$6.00.

Local No. 712, New Brighton, Pa., has reached a settlement with the employers in their jurisdiction, which provides for improved working conditions and a substantial increase in wages. Wage scale provided for in agreement is \$6.40 per day.

Local Union 58, Detroit, Mich., after three weeks' strike, have reached settlement with the contractors, providing a wage scale of 93½ cents per hour from May 1st to October 1st, \$1.00 per hour after October 1st, double time for all overtime, except Saturday afternoon, which is to be computed at rate of time and one-half. Organizer Broach assisted Local Union in concluding difficulty.

The membership of Locals Nos. 33, 62 and 218 of New Castle, Youngstown and Sharon, respectively, have received an arbitration award handed down by James A. Smyth of the Department of Labor, on the matter of their grievance with the Mahoning Shenango Railway & Light Company, which provides for an increase of 15 cents per hour for linemen and proportionate increase for all other employees; reduction of hours from nine to eight hours; eight hours pay for seven hours work on Saturday; time and one-half for all overtime.

The Local Unions were assisted by Organizer Broach.

Local Union No. 38, Cleveland, Ohio, has reached an agreement with their employers which provides for immediate increase of 10 cents per hour for fixture men—this increase to be operative one year, an automatic increase of 7½ cents per hour for the second year. The agreement expires May 1, 1921. The local's agreement covering journeymen wiremen is for one year period and provides for increase of 18½ cents per hour, effective July 1st, making the wage scale for the City of Cleveland \$1.00 per hour. Organizer H. H. Broach assisted the Local Union in carrying on negotiations.

Assisted by Organizer Broach, L. U. No. 82, Dayton, Ohio, has reached a settlement of their strike, and signed a new agreement providing for increase of wages to

journeymen of 17½ cents per hour, 10 cents per hour for helpers, time and one-half for the first two hours worked after the eighth hour and double time thereafter; time and one-half for the first two hours worked after the fourth hour on Saturday and double time thereafter; double time for Sundays and legal holidays; and other improved working conditions were obtained.

L. U. No. 139, Elmira, N. Y., has obtained a new wage scale from the Elmira Water, Light & Railroad Company, which increases line foremen from 53 cents per hour to 59 cents, journeymen linemen from 50 cents to 65 cents. Eight hour work day was established with Saturday half holiday the year round; time and one-half for all overtime. The members formerly worked nine hours per day. Inside men, members of the Local Union, obtained an increase of 70 cents per day. Organizer Kloter assisted the Local Union in conducting negotiations.

Local Unions No. 141 and No. 277 of Wheeling, W. Va., have entered into an agreement with the West Virginia Traction & Electric Company and the Wheeling Electric Company and their subsidiaries for improved working conditions and wages and a general increase being given to foremen, linemen, groundmen and metermen. The maximum scale provides for: Foreman, 75 cents per hour; journeymen, 70 cents per hour; metermen, 57 cents per hour; time and one-half for overtime, double time for Sundays and legal holidays. The two agreements provide for union shop.

Local Unions No. 141 and No. 277 are to be congratulated on their success. They were assisted in their efforts by General Organizer Arthur Bennett.

Local Union No. 246 of Steubenville, Ohio, and Local Unions No. 141 and No. 277 of Wheeling, W. Va., have entered into an agreement with the Wheeling Traction Company, providing for union shop conditions. The agreement provides for the same wage scale as that which is paid by the West Virginia Traction & Electric Company and the Wheeling Electric Company. The minimum scale for crane men is 78 cents per hour. The agreement protects our members from being requested to work on any job that is unfair to the Ohio Valley Trades and Labor Assembly and Building Trades Council of Wheeling and vicinity. This agreement, like the others, is a good one. General Organizer Arthur Bennett assisted in the negotiations.

NOTICES.

Typographical error appears in the May issue of the journal on page 498. The captions to the columns referring to the strike vote have been transposed and the words "Opposed to strike" appear over the column where the favorable votes are recorded, and the words "In favor of strike" appear over the column where the votes opposed to strike are recorded.

John Barnes, card No. 326546, and W. C. Davis, card No. 353820 of Local 278 are scabbing in our jurisdiction. All locals are requested to take notice.

Thos. G. Martin, F. S.,
L. U. 278, Paris, Tex.

If this comes to the attention of James Barry, formerly of Haskell, N. J., where he was employed as an electrician at the Dupont Powder Company, he will obtain information of interest to him by communicating with the home office of The Prudential Insurance Company.

Owing to difficulty in our jurisdiction we have placed in force Section 8, Article 14 of the Constitution to inside men only.

R. G. Miller, Secretary.
Local Union No. 271.

As the result of William A. Budrow, Howard W. Ellis and George T. Fahy scabbing during our recent strike, it has been necessary for Local Union 284 to expel them from membership. We ask all local unions to kindly take notice.

Gilbert W. Johnson,
Rec. Secy. L. U. 284, Pittsfield, Mass.

Owing to strike in our jurisdiction, it is necessary to enforce Section 8 of Article 14 of Constitution. A. H. Meyer, Sec.,
L. U. 305, Ft. Wayne, Ind.

Owing to difficulty in our jurisdiction, brought about by strike against Elevator Constructors, it is necessary to place in effect Article 14, Section 8 of the Constitution. G. W. Whitford,
R. S. Local Union No. 3, New York.

The relatives of Chester Phelps, age 37, inside worker, formerly of Detroit, Mich., are endeavoring to locate him. They have not heard from him since 1909. Any information concerning his whereabouts will be gratefully received by his mother, Mrs. Catherine S. Phelps, 347 Fort St. W., Detroit, Mich.

R. E. Berry, card No. 124118, a member of L. U. 280 on April 4, 1919, was loaned some money and given a belt, safety, connectors and spurs, which he promised to return, but to date has failed. He or any brothers will favor me by giving me his address. H. Derolph, Sec. 39.,
2182 E. 9th St., Cleveland, O.

Owing to the strike against the Willys-Overland Company we request all members of the organization to avoid this jurisdiction. Also desire to inform all members that Cash Johns, cards No. 347165, is scabbing on the local. Gaylord O. Tucker,
R. S. L. U. No. 129, Elyria.

This letter will notify all local unions of the I. B. of E. W. that Leslie Mosier, who was a member of Local Union No. 600, of Erie, Pa., has been scabbing in Meadville since April 1, 1919. Local Union No. 600 and Local Union No. 56 of Erie have consolidated, the number is 56 now. He has paid no dues since February in Erie. Look out for him.

C. A. McGill,
Fin. Sec. and Business Agent,
L. W. 504 of Meadville, Pa.

I wish to notify all local unions of the I. B. E. W. that the Meadville Electric Supply Co. of Meadville, Pa., is unfair to organized labor. C. A. McGill,
Fin. Sec. and Business Agent,
L. U. 504 of Meadville, Pa.

Dear Sir and Brothers:

If this comes to the attention of Brother J. El Cornish, better known as Shack, Card No. 241256, will be pleased to hear from him. Please notify me at once.

Yours truly,

J. Bohan,
201 Garrard St., Covington, Ky.

If this comes to the attention of Brother Stevens or any Brother knowing his whereabouts, please communicate with Brother John Bohan, 201 Garrard St., Covington, Ky. H. J. Stevens, better known as Little Steve, Card No. 376101.

Owing to difficulty in our jurisdiction, it became necessary to place in force Section 8, Article 14 of the Constitution.

W. F. Kelsey, Rec. Secy.,
L. U. 59, Dallas, Tex.

STRIKE ON

At the British-American Shipyards at Welland. They are unfair. So Brother Electrical Workers and all other allied trades, take notice of the same and govern yourselves accordingly.

 **EDITORIAL** 

TELEPHONE SETTLEMENT. The largest single industrial question that has ever confronted the membership of the Brotherhood was the possible strike of all members employed by the telephone and telegraph companies, under the Administration of the Post Office Department.

On June 2, in compliance with instructions received through referendum action, a general strike call was sent to all local unions and members, instructing them to cease work for the telephone and telegraph companies, Monday June 16, 8:00 a. m.

The officers of the Brotherhood, conscious of their duty to the membership and the public, continued their efforts to reach a peaceable adjustment of the telephone situation before the date set for the general strike. We were glad to be able to announce a complete settlement of the points at issue was reached with the Postmaster General late Saturday the 14th. The settlement reached is covered in Order 3209, signed by the Postmaster General, copy of which has been sent to all local unions. Also is published in this issue of our Journal.

When we say conscious of our duty to the membership, we understand that duty to be that we should obtain the conditions desired by the membership, without the necessity of the membership being called upon to make sacrifices through loss of wages by a suspension of work. We understand our duty to the general public is to conduct the business affairs of the Brotherhood in a manner that will cause as little inconvenience to the public as possible. Likewise we were fully conscious that if a nation-wide strike in the telephone and telegraph industry resulted, that the responsibility for it in no way rested with the Brotherhood.

Our membership displayed a tolerant patience, unparalleled in the annals of the labor movement. They have continued to work for nine months, smarting under, in many instances, the most outrageous practices of discrimination. Flagrant violations of agreements on the part of companies through local managers were practiced, taking advantage of the war-time situation, realizing that they could impose upon the patriotism of the members of our organization.

The officers of the Brotherhood met with many discouraging rebuffs. Those who did not actually officially represent the membership in this matter will never be able to understand the handicaps under which the officers worked. While the great majority of the members patiently accepted our advice to not become discouraged and be stampeded into strikes, there was an element that is ever present in the labor movement, who advocates direct action, and scornfully pictured with eloquent verbiage the folly of negotiations, conferences or adjustments reached by conciliatory methods. We also had that element of paid company agents in our ranks, whose functions are to incite the membership by the same methods to take hasty action.

To those not fully conversant with the operation of company tools in labor organizations, this will be hard to understand, but to an experienced trade unionist, the fact is well known that when an employer sees an organization of labor building a concrete policy to conduct an industrial struggle, such employers know that if they hope to defeat that

organization, they can only do so by destroying the policy by creating situations that will prevent unity of purpose and action. Hundreds of such underground methods were employed.

Another discouraging situation that would tax to the breaking point human patience, was the attitude of those responsible for the administration of the telephone and telegraph systems. Communications to those in authority were unanswered, efforts to confer and offers by the Brotherhood representatives for peaceable measures were spurned by those in charge.

While many times discouraged, the officers continued their efforts, and through those efforts have brought to the telephone and telegraph employees in unorganized communities, the right to organize and bargain collectively with their employers,—a right that has been denied in many localities for years and years.

Our efforts have brought industrial freedom to the telephone and telegraph workers, and this without the cost which a general strike in the industry would cause, not alone to the membership of the organization, but to the business and commercial interest as well,—a cost that could not be computed or calculated.

The despotism practiced by the telephone and telegraph managements will now disappear and accompany the laws and policies of the European political depots to the scrap heap of oblivion. The industrial tyrants of our country are rapidly disappearing. They also are bound through economic evolution to be dethroned the same as the political czars and kaisers of Europe. The dawn of a new day for humanity is here. The glowing warmth of the rising sun of industrial liberty is radiantly shining and spreading its stimulating rays over our industrial life. Employers who fail to grasp the economic changes are doomed for failure.

In the settlement reached, it should be kept in mind that the matter of wages and working conditions was not a subject of consideration. The great fundamental was the recognition of the right to organize and bargain collectively, and the elimination of discrimination for affiliation with an organization of labor. These rights once established, the question of wages and working conditions are easily taken care of.

Therefore, all members and employees of the telephone and telegraph companies, should without delay, present their desires to the managements of the telephone and telegraph companies.

In localities where it is practical and desirable to establish uniform wages and working conditions in a district, all locals and members should arrange for the presentation of their desires as districts. This can be accomplished by drafting up your wage scales and working conditions, and presenting them to the Vice-President of your respective districts.

The official critics in the organization are endeavoring to create the impression, that as the matter of wages is not embodied in the settlement, nothing was gained. The fact should not be lost sight of that the instructions issued to the International officers by the memberships' vote in the strike referendum, was to obtain the right to organize and bargain collectively, and a guaranty against discrimination. This has been accomplished. A great principle has been sustained, and to those who desire to criticize, we say we have carried out to the last word the instructions received, have obtained the concessions sought. We performed our duties to the best of our ability, and are gratified with the thought that the membership's instructions were carried out, and the concessions obtained without any material sacrifices to the membership in the form of lost wages or strike assessment.

We doubt if ever in the history of the labor movement, that the membership of an organization manifested greater confidence in their officers, or displayed more patience. The officers of the Brotherhood would be lacking in appreciation if we did not officially and publicly extend our deepest appreciation and sincere thanks to the membership for the patience and confidence shown us.

It is now the duty of every officer and member of the Brotherhood to put forth renewed efforts to bring into the organization those who are following our vocation and have refrained from associating themselves with us on account of their fear of dismissal or discharge. The individual members of the organization are the best organizers we have, and we respectfully solicit their assistance.

GROWING. The Brotherhood is steadily forging ahead, climbing to a front rank position in the labor movement and is now the fourth organization in numerical size affiliated with the American Federation of Labor.

In 1914 we occupied nineteenth place in size as compared to other affiliated organizations.

To come up from nineteenth to fourth place in the short period of five years is surely a creditable showing, and one the officers and members can well view with pardonable pride. While not desiring to be put in the "I told you so" class, however we did venture the opinion in the later part of 1914 after the warring factions of electrical workers buried their differences and joined hands, that within a very few years our organization would be in the front ranks of the labor movement our opinion has been fulfilled, and it is not in our judgment too wide a stretch of imagination to believe that within another year we will step up another notch or two, due to the fact we are now upon a sound financial basis and have funds to further build up and extend the scope of the Brotherhood's activities and influence.

By the time this issue is in the hands of our readers practically all will have nominated and elected delegates to the coming international convention. Locals that have not elected delegates should do so, the law gives the locals until the last meeting in July, delegates elected afterward cannot under the laws of the Brotherhood be recognized. The membership qualification of delegates is clearly and specifically covered in Article 17, Section 9 of the Constitution. Locals and members following this provision will not experience any embarrassment by having their delegate denied a seat.

Don't try to slip through a member not duly qualified. It can't be done; too many watchful delegates on the job.

LOCAL Union Official Receipts up to and including 10th of the current month ::

Correspondence

L. U. NO. 2, ST. LOUIS, MO.

Editor:

This little bit of news from Local No. 2 may not look interesting, but the writer has been busy the last few days being appointed to see that boys are supplied with a nice clean 55 foot pole to be used at the picnic June 24, and a lot of you hikers that have tried to brace a superintendent for a favor of this kind after he had given one before and it was returned all cut up know what kind of a job it is, but then it will be worth the trouble to see some of these old timers do some stunts. This contest sure must have stirred up the blood, as Bro. Hartman blew into the hall last Friday P. M., and we know he is going to take a shot at it. Real roughnecks will have no place at this picnic for a couple of our quiet brothers have been appointed as bouncers, so look out, or over the fence you go.

Brother Jennings is still doing business in this man's town, and with the help of Bro. Knoll and others, sure has produced results.

If Bro. J. E. could write insurance like he can union applications he would be a millionaire in a week.

Boys, old No. 2 made the old timers wake up last Friday night, when about 300 of the brothers got together at one meeting. Some crowd. Bros. Brown, Max Kraft, Shorty Lautz, Treblecock, Wade, Sands, Creedon and also our beloved orator, Jack DeVoe, had some interesting things to say after Bro. Jennings made his talk, and it sure would have been a perfect night had Bro. Reed of No. 309 called, but he has been excused as later he explained himself.

Fraternally yours,

Bill Howell,

Press Secretary.

5935 Cote Brillante Ave., St. Louis, Mo.

L. U. NO. 5, PITTSBURGH, PA.

Editor:

A line from Pittsburgh. We are weathering the storm as well as could be expected. Work is at present away below normal, the many strikes of the rest of the building trades has seriously interfered with the construction business. If you have contemplated moving this way give it another thing. When we have the work going on we are glad to see you, but at present nothing doing.

Well a little chat with some of the live ones: Bob Sproat has recovered from an attack of the flu, but I am afraid that his exuberance in being around again will suffer before July the once you know? Penn the comedian of the 37th Engineers is back and he is just as full of humor, only with a little French mixed in. Bradley is the sleuth of the above regiment and has Houdini backed off the boards when it comes to finding PANTS. We don't understand this jargon, but ask Kluppell, he can give you a pretty good explanation. Kluppell since his arrival home has embarked on the matrimonial sea, having gained all the experience on the Atlantic Sea that he needed in that line. It's the sincere wish of his friends that they will have a long life and a happy one. Now for the little ones, eh. 'Arry. The silent knight has also returned from overseas and he is in the pink of condition. We will leave you to

guess who he is? A. Albitus, who has been sojourning with the Pioneer Forces in that land across the sea, is glad to be back home and would not sell his experience for a million, but that is as far as we are able to get him to talk. Monte Getz is also back with us and every once in a while we see him conversing with the silent knight about some two miles of wire which disappeared around No Man's land, but we doubt that it was no man's land 'cause the wire disappeared. It looks to me like a wireman's trick, but we can't figure where they disposed of it. The smallest man in the regular army has also returned looking fine, but he says he has enough. Max we are glad to have you back again, maybe you might be able to tell Monte where his wire disappeared. Andy Douglas and Bob Jenkins are both staunch adherents of the 37th Engineers and both of them are looking fine after their trip across the pond. The only kick that Douglas had was that at times he was compelled to travel in box cars that resembled peanut roasters. If they had been perfectly good American box cars he might have had a place to rest his weary limbs. Jenks essayed the role of chief cook and it was not very long until he found out that the boys were having healthy appetites, so he gave his resignation to the mess sergeant, whereupon he was made acquainted with the anchor and banjo. We understand that he has become highly proficient in the use of said articles. We're with you Jenks. Clyde Simcox said that the Suicide Squad fulfilled their duties, but that some of them got kind of reckless in the performance of same, even so far as to take gas, which we do not believe was very beneficial on their nerves. Heinie Ziegler says that he tried to carry out the ideas of our organization while in the service, but he made a dismal failure out of it. It has more strongly instilled the benefits of being a member of our organization into him, and woe be unto the bird that tries to abuse our organization in front of him. Go to it Heinie, give them h——l. You are the kind of member that this good old I. B. E. W. need. The baseball mascot has arrived from over there, having put in thirteen months of it, and he says that there is no one going to steal his job off him. I will leave him easy and let you guess who he is. Fat Bauer says that the physical culture courses that he received while in the army were highly exhilarating, but he does not believe that they had any intention of sending him across the pond. He had learned the above courses so well that he was doomed to the simple life of squads right, squads left and so on at home. We had a visit from Son Dailey, who has been discharged from the Canadian forces, and believe me, he looks the picture of good health. Dadds is very reticent about his trip across the pond, but we believe that before the time for the next Worker is out that we will be able to get a little information out of him. For the rest of the soldiers who have returned and are not mentioned in this issue please see that you get the Worker right along as we do not intend to pass you up. Watch what we have to say about you.

Now a little about the boys who have been at home and looking after the interests of Local Union No. 5: W. H. Rapp is at present employed by the city on their new building, commonly known as the

City-County Building, and he sure can keep them satisfied on their repairs. Go to it Bill old boy. W. S. Shord is budding out and doing fine on the Collins-Oppenheim job. Williams is holding down a position with the L. K. Comstock Co. Jones is hanging them all high and dry and believe me he is making a good job of them—I mean signs. He has quite an able assistant—Bones McFadden, who says the higher they come the better he likes them. I mean the scuttles of suds. Never mind them Hank, get them while the getting is good, that is what Melon believes in. Bun Kennedy made a flying trip to our national capitol and reports back that Ireland will get the right of self-determination if it is left to our congressmen and senators. More power to you Kennedy, that news is refreshing even though we don't believe it. I am afraid that the Irish will have to do to Hon. J. Bull what the U. S. done to him; that is give him a trimming. By the time that this is in print many of the local unions will have elected officers, and regardless of the fact whether you voted for them or not put your shoulder to the wheel and help roll the organization to further and greater successes. Hoping that those members who are elected to our coming convention will use their influences for the betterment of the International Brotherhood of Electrical Workers.

Yours fraternally,

Nadrog.

L. U. NO. 9, CHICAGO, ILL.

Editor:

Out of the rank and file heroes spring; so do orators. Recently we have had the silent ones spring up in various parts of the hall and surprise us all by delivering an oration with pep, vigor and vim. The President dropped the gavel, the Secretary spilled the ink, and the Vice President woke up, and the entire meeting was struck spellbound by such a sudden outburst of eloquence. The reason for the activity, I presume, is the election we are to have July 1st. Our meetings are very interesting, and work conducted in a business manner. Our officers are to be complimented, and hope many will see fit to run and be elected another term.

Local 75 of Hammond, Ind., who controlled the jurisdiction of Lake county, have consolidated with us; also Local 49, the lamp trimmers. I believe this to be a wise step. It saves salaries and rents, and a struggle for an existence with no future in store. There should be more consolidation of smaller locals, thereby gaining more power, harmony and efficiency.

I have read some discussion in the letters of the Journal in regard to getting some dear brother to subscribe to the Worker. I will state that every member of our local is a subscriber. Naturally you will want to know how this came about. Well, I don't know. We are assessed the amount. It's an old established custom. But this may give you the little help desired. Twelve copies of this magazine is certainly cheap for the small price asked. Can't see how it can be done at the present high cost of material. Many well meaning brothers spend lots of time, and many times the price at some booze bazaar, debating on the uses and abuses of the corkscrew, and then come in the hall and disturb the peaceful meeting by complimenting the officers on the different specimens of natural history sitting about in different attitudes.

There are many Brothers journeying this way from a rumor that the I. C. R. R. has started work of electrification, and have gone away disappointed. From information received from our B. A. and other sources there is no possibility of the job starting until next spring. It is the talk of a tunnel job in Grant Park, perhaps,

that led to the misinformation.

All Brothers are working. We have a couple of short jobs tied up. One of them is on account of a jurisdictional controversy with the bricklayers. They claim the right to lay fiber ducts. We claim it is our work. We have had more trouble with tile setters and confetti layers than the narrow backs have with the engineers. We eventually win, however.

Brother Dan Manning was elected as a delegate by the Metal Trades Council to attend the convention of the American Federation of Labor at Atlantic City.

Brother Irwin Knott, our B. A. (sometimes called Boscoe; not because he eats snakes, but because he eats some of the other animals alive much inferior to the snake tribe. The kind that sits in a swivel chair and makes a living from the sweat of other people's brows.) has taken to the water wagon; but says he feels better off. But to leave puns aside for the while, Brother Knott was in Mt. Clements, Mich., for several weeks and has returned feeling much better. Brother Sam Guy acted as B. A. during his absence and filled the office satisfactory to all.

The Sanitary District of Chicago, a municipal light and power company, who maintain a closed shop, and pay salaries just a little better than the scale in many instances, had difficulty in getting repairs on a telephone system. After many attempts to get some service, and much delay, it was considered dirty work; so the B. A. was consulted, who started in to investigate the reason why such a procedure should be established against a concern, who is FAIR, by one whose reputation is doubtful. Our B. A. had a lengthy conversation with a certain official at the telephone building (who makes an attempt to appear like an English lord, and tries to create an atmosphere of "I am Lord and Master", but doesn't fool anyone except himself, and gives you a general pain in a certain part of your anatomy, unmentionable in cold print) without result. There may be a time in the future when we can be of assistance to such as the above mentioned. Of course we shall be at their service (?). But it does appear from the report that Mother is trying to show no particular favor to a concern who is fair to organized labor.

Now for a long dry spell, I am

Fraternally yours,

J. N., P. S.

L. U. NO. 12, PUEBLO, COLO.

Editor:

Since our last report in the Worker the inside wiremen succeeded in getting a raise of a dollar for the eight hours, or 12½ cents increase per hour. No trouble was encountered or any opposition from any of the contractors. Everything went fine. It sure pays to have a closed town with no open shops. The cranesmen at the steel mill are arguing for an open charter for a couple of weeks, as there are a few who didn't take advantage of the last chance. Our meetings are still monsters with a chance of still growing, as next Saturday the Ladies' Auxiliary is to be formed. We sure wish them success.

Respectfully,

H. T. Rainey, Press Sec'y.

L. U. NO. 23, ST. PAUL, MINN.

Editor:

The following is a list of appeals that were not published in the Worker:

Local 17	\$100.00
Local 465	15.00
Local 20	25.00
Local 594	20.00
Local 758	20.00
Local 105	2.00

Total\$182.00

Now for a little news to the Brotherhood. Local 23 is still in the field and picking up every day. The telephone company just came through with a raise, effective May 1st, which is as follows: First-class linemen, city work, \$5.50 per day; first-class linemen, country work, \$4.25 per day and board; first-class cable splicers, \$6.00 per day; first-class installers, \$5.50 per day; first-class repairmen, \$145 per month.

The light company came through with \$5.75 per day for the linemen and \$165 per month for the foreman. You can see that St. Paul is still in the ring and is going to stay there.

Work is very scarce around here at this time, but hope to see it pick up before very long. About all of our Brothers are working at this time, so we cannot complain very much, but would like to see things open up in full swing.

Would like to see a little news from all the Locals in the next Worker, as I am sure they are all on the job yet.

Well Brothers, I have given you all the news that I have this time. Hope to do better next time. With best wishes to all the Brothers, I am

Fraternally yours,
Press Secretary.

L. U. NO. 32, LIMA, OHIO.

Editor:

After a short absence from the pages of this journal, Local No. 32 will make her appearance once more.

I must say that since I have been affiliated with No. 32 this Local has made excellent progress; in fact, it has greatly surpassed our expectations during the last six months. Since our last letter we have added a great many electric cranemen to our already huge list of applications for membership in the I. B. E. W.

The civilian population of Lima in general are excellent supporters of the just demands of organized labor, which was demonstrated during the street car strike of 1917, when the only persons patronizing the cars operated by strikebreakers were strangers from incoming trains, who had not yet learned of the trouble, and even these people soon deserted these cars. Cars run for weeks with no one on board but a scrub crew. When the difficulty was settled the first cars operated by union crews were filled to overflowing.

L. U. No. 32 gave an annual picnic on May 25, 1919, which was well attended, and last of all, boys, if at any time your Local has trouble in maintaining her maximum voltage, "Don't Give Up the Ship" of organized labor, for it is our only chance. Also I must say that I think it is very dangerous to affiliate labor organizations with radicalism, prohibition, anti-prohibition, socialism, or any other political faction whatever, as I believe all the Brotherhoods have enough to do to take care of the interests of organized labor, especially at this time when the whole world has their eyes centered on the movements of organized labor and ready to criticize at the first crooked move.

Fraternally yours,
B. C. Malick, P. S.,
642 Center St., Lima, Ohio.

L. U. NO. 38, CLEVELAND, OHIO.

Editor:

Sweltering summer is here and everybody is looking for the lemonade stands, or as they prefer to call it, "near" beer. But it doesn't seem to be near enough for a great many of the dear Brothers. But, be as it may, it hasn't put any curtailment on the organizing of the Maintenance Electricians in Cleveland. Some may have the

spring fever, but we find also that several are afflicted with the organizing fever, which, by the way, is making the Maintenance section of Local No. 38 loom into larger proportions every day. Our organizing committee is still on the job and doing good work, and up to this time we have several. Electrical manufacturers signed up for the men in this section and others are expected to sign in the very near future.

We had the momentary misfortune to have a few of our men discharged for belonging to the union, but they very soon found that there were other jobs in the city besides those that they were fired from, and at this time all our men are at work and doing good.

We have heard from time to time about the inefficiency of the Government Employment Agencies that are situated in almost every large city and there seeming inclination to favor the large employer, who had in their mind to hire men that did not belong to any labor organization, and we confess that at one time we did not have much friendly feeling for these agencies; but during the little unpleasantness that we had with the Kuhlman Car Company, when the company tried to hire electricians from these agencies, our representatives visited the officials of these agencies and explained to them the situation and we were informed that they would certainly not send men to any place that was unfair to organized labor, and we think that was about as fair as any one could do, and if this should come to the attention of any one of these Government employees we want them to know that all animosity that we at one time felt for them has been completely dispelled. While organized labor does not favor any kind of an employment agency we are glad to know that these men in Cleveland at least are playing the game straight.

Since the inception of our organizing campaign the Maintenance section has increased its membership by almost doubling its past membership and we are about ready to show the organized movement of this city a thing or two. A very pleasing fact at this time is that the men in the iron-steel industry who are doing Maintenance work and other electrical operating work are coming into the organization through the efforts of the local organizing committee and the local representatives that are out on the job day and night. It certainly does make a man's heart feel good to see the hundreds of men joining the A. F. of L. that have never dreamed of carrying cards before.

The Wiremen's section of Local No. 38 has all its difficulties with the contractors straightened out and everything is running along smoothly. There are a few wiremen out of work, but not long enough to cause any dissatisfaction with the employers. There is plenty of old house work and the men are taking this until the big construction jobs open up.

Local No. 38 was certainly agreeably surprised when Brother Harry Broach was assigned to help the officials of the Local in their negotiations with the contractors; and, believe me, when that man opens his mouth to the contractor he says something that makes 'em all sit up and take notice. Brother Broach has made a great many friends in Cleveland and we all wish him all the luck in the world in his work for the International.

Basil H. Ayer, Press Sec'y,
Local No. 38, Cleveland.

L. U. NO. 45, BUFFALO, N. Y.

Editor:

Brothers, no doubt by this time you have all heard of the new Henry Ford that Local No. 45 is raffing. Whenever the opportunity presents I hope you will all

do your bit to keep old 45 in existence. Our local is one of the oldest in the country and there sure have been a great many brothers from all over the continent had their card in here at one time or another.

I think things are going to boom around here this year. The companies are starting in to do the work, but of course they are not paying what they should. Maybe the boys will wake up and make them come across.

I will say that I am in favor of the universal card. I am sure that this matter will be taken up at the convention.

Well, brothers, the day is warm, so I think I'll lay off till next time.

Yours fraternally,

R. N. Zimmerman,
Ebenezer, N. Y., Box 153.

L. U. NO. 55, DES MOINES, IA.

Editor:

No alibi to offer for not having a letter in the last Worker, but will have a good alibi if I miss in the future. Here is hoping I do not have to offer one.

Well 55 is in fair shape right now, everybody being at work again. The Light boys were out two weeks and the Street Car boys one week. Both are back pending a settlement.

A new job started here at Ft. Des Moines, where they are treating all the wounded soldiers. This is a permanent army post and will be used for crippled soldiers, gassed soldiers, etc., from these parts. A gang is rebuilding the light plant at the Fort, and owing to the fact that Frank Davis, Curley Farley and some more of the live 55 boys landed on this job early the conditions are fine and a 100 per cent union crew is on the job.

The scribe was a delegate to the Iowa State Convention at Sioux City, Iowa, and must tell the Brothers it was a great convention. Nothing happened of much importance to the I. B. E. W., only the Railroad Signalmen of America tried to run through a resolution. This bunch sure are trying to put things over and will do anything to get a crack at the I. B. E. W. Below is a copy of the resolution:

Proposition.

To the Officers and Members of the 27th Annual Convention of the Iowa State Federation of Labor:

Gentlemen:

Whereas, An organization known as the Brotherhood Railroad Signalmen of America, incorporated 1901 and affiliated with American Federation of Labor in 1914, organized for the purpose of betterment of wages and working conditions of employees directly engaged in Automatic Block Signal and Interlocking Systems work on the various railway systems throughout the United States, and

Whereas, Ninety per cent (90%) of all employees engaged in this class of work in the State of Iowa, and seventy per cent (70%) of all employees so engaged throughout the United States are members of the Brotherhood of Railroad Signalmen of America, and

Whereas, The Brotherhood of Railroad Signalmen of America restricts its membership to men actually engaged in the setting up, maintenance and repair of signaling and interlocking systems, men thoroughly versed in the intricacies of the work and all requirements pertaining thereto, and

Whereas, Certain other organizations have attempted to legislate for the above named employees, and by so doing have undoubtedly interfered with and greatly retarded certain action being taken by the Railroad Administration on matters now before it at Washington, D. C.,

Therefore, Be it resolved, that the 27th Annual Convention of the Iowa State Fed-

eration of Labor go on record as recognizing the right of jurisdiction over the legislation for the above named employees be vested solely in the Brotherhood of Railroad Signalmen of America.

L. E. Bowen,
K. H. Eicker,
Chas. Lynch,
Bert Wells,
Jno. W. Hanna,
M. Talty,
John H. Cummings,
V. G. Samuelson,
Pearl Rucker,
E. A. Donelson.

Owing to the delegates of the I. B. E. W. being wide awake this matter was turned over to the A. F. of L.

While in Sioux City we were sure treated fine by the two locals of that city and must say they have a live bunch. Brother Russell of the Wiremen and Brother Violet of the Linemen with the help of some of the other Brothers, sure did take care of the delegates. They are one live bunch and I wish them and their locals success.

I also wish to thank the Sioux City Locals for the swell way we were treated and must say when it comes to putting on stags they have the world beat.

Hoping every member of I. B. E. W. watch the Signalmen, Engineers and some more of the same kind, I am

Fraternally yours,

Pep, Press Sec'y.

L. U. NO. 66, HOUSTON, TEXAS.

Editor:

There has not been any letter in the Worker for some time from Local No. 66, due to the fact that we have been busy on other matters, but we will try and let the Brotherhood know how work and conditions are around Houston.

Work is just fair with us at this time. While we have a large membership, all of the members are working at this time, and we are looking forward to having a banner year. We have just closed a new contract with the Houston Light & Power Co. and we expect to have all of the other employers operating in this district signed up by the next ten days. The new contract calls for 80 cents per hour for all journeymen linemen and trouble men, 92½ cents for gang foreman. The men working in the plant all receive on an average of \$10.00 a month increase. Double time for all overtime, and we receive the 44-hour week and one week's vacation for all regular employed men. This agreement goes into effect June 1st and remains in effect until January 1, 1920. We secured this agreement without any trouble and we all feel proud of receiving same without any trouble. The contract calls for double time when members are working on poles over 55 feet. Brother Strange had the misfortune to get burned on the high line about a week ago, but is doing nicely at this time, and all the members are looking forward to his return on the job. For the benefit of all the members the job at Goose Creek, Texas, is closed and they have all the men they can use at this time. Local No. 66 did not make a success of getting the wire clearance bill passed at the last session of the Legislature, but there was more progress made on it than any time before. It will be the intention of the Local to interest all of the Locals in the State and it will be taken up at the next session of the Legislature. Brother Greevey has accepted a position in Panama with the Government and will leave in the next few days. The Local wishes success to Brother Greevey on his new undertaking. We are all interested in the welfare of the electrical workers in the north part of the State that are out on strike against the T. P. & L. Co., and we are doing

everything within our power to assist them in their fight as we realize what they are up against. They will win if all of the members of the Electrical Workers over the State do their part. This being about all of the news for this time will close and will try and have another letter in the next work.

Fraternally yours,
Press Secretary, Local No. 66.

L. U. NO. 69, DALLAS, TEXAS.

Editor:

Owing to the fact that the Press Secretary is absent, I will endeavor to get a few words in the Worker. Electrical work in the jurisdiction of No. 69 is at a standstill on account of district strike against the Texas Power & Light Company, which has been on since March 11th.

The linemen strike has developed into a very serious affair. The wiremen and all building trades crafts in Dallas are on strike to help the linemen win their battle. All other trades affiliated with the A. F. of L. in Dallas are expected to be out by June 9, if the Texas Power & Light Company does not agree to arbitrate before that date. Will say that the same conditions prevail in all other cities affected. A general tie-up of all trade unionists is almost certain to come by June 9. Only one thing can present same and that is the T. P. & L. Co. agreeing to arbitration.

The Local Unions affected by strike are as follows: No. 884, Cleburne; Nos. 69 and 59, Dallas; No. 338, Denison; Nos. 156, 116 and 782, Fort Worth; No. 388, Palestine; No. 278, Paris; No. 272, Sherman; No. 119, Temple; No. 928, Terrell; Nos. 72 and 97, Waco; No. 759, Wichita Falls. This means that nearly all of North Texas is tied up, so far as electrical work is concerned, and now other trades are following the footsteps of the electrical workers.

I could mention some great work being done by our sister Locals, but would rather not.

We are very grateful for assistance, financially and otherwise, rendered us and confine my letter to No. 69 only, and allow other locals to report for themselves. This struggle, and when settlement is reached all Locals will be thanked through the Worker. Should the strike end before next issue of the Worker all Locals will be advised of same.

Fraternally yours,

H. T. Robinson,
Press Secretary, Pro Tem.

L. U. NO. 80, NORFOLK, VA.

Editor:

Upon election as Press Secretary I was informed that our by-laws provided a penalty for failure to have an article in every Journal. I do not offer this as a reason for this letter, but will request the editor to always publish an acknowledgment of my letters if he cannot find room for publication of letters. The H. C. of L. is such that I cannot afford to pay fines.

It is customary, I believe, to give local news. For instance, Johnny Shears fell from a pole last week thirty-five feet high, and suffered the loss of two legs, an arm, and six teeth. He also had some fractured ribs and his collar bone was broken in two places. Outside of the above mentioned injuries, he is in good shape. His foreman, William Boltcutters, said it was a narrow escape.

Sam Nares, the local king of knob and tube artists, and Cyrus Narabach bought Pullman tickets last week for Squedunk, Arkansas, where a new camp is being built. We wish them well.

Norfolk, like every other city in the country, has plenty of local news, but in this day, when world topics are the order of the day, and the big melting pot is

simmering noisily as it boils the millions of toiling masses with their racial, religious and national prejudices into one solid mass, one is not inclined to become interested in local news.

History is being made too rapidly for my feeble mind to properly record the events as they pass in fleeting succession, but I must say with as much modesty as possible, that when I observe the lethargic droll, nonchalant psychology of many fellow toilers who seem not to realize that "the world do move", I feel that I am almost abreast of the times.

In these momentous times when an imbecile should realize that a new era is at hand, when the great masses of producers the world over should arise and say to the mighty powers who have ever controlled their destinies that we shall take the reins for awhile, one is appalled at the absolute indifference of the workers. In their halls they still indulge in jurisdictional squabbles, personal controversies and petty quarrels. For people of this type there is but one world—their horizon is at the outer boundaries of their little insignificant local or craft.

You who are progressive must not be offended at this arraignment of the majority. We have a great many (and it is interesting to note) who are unselfish, alive and doing something for mankind.

After the great conflict, which is, we are told, at an end—though we doubt it—one of two things is inevitable: Civilization will advance many years immediately or recede centuries. Those who have had the power would have affairs resume the pre-war course. Their plastic, inflexible minds cannot conceive that this is impossible. When this fact eventually permeates their granite craniums, is it logical to assume that they will relinquish and permit society to seek a higher level?

A higher form of civilization means improved conditions for the toilers; it means shorter hours, better housing conditions, plenty of education. And I want to assure you that these conditions will never be acquired through legislative reforms so long as our legislators are chosen from the employing class. When it dawns upon the wage slaves (and the dawn is approaching) that in order to obtain their rights they must lay aside all racial, religious and craft prejudices, and present a solid front, then, and not until then, will they come into their own.

Out of the East the sun is rising. It is a new sun, and across its red disc emblazoned in bold letters are the words, "INDUSTRIAL DEMOCRACY!"

Vernon Taylor.

L. U. NO. 84, ATLANTA, GA.

Editor:

Just a few lines to let you know how everything is getting along in Atlanta with Local 84.

The Building Trades Council has succeeded in signing closed shop agreements with the majority of the largest building contractors of this city and we feel confident that this will assist us in signing the electrical contractors in the near future with Local 84.

The boys are all at work at present and we believe there will be no trouble in keeping them busy as business in this section is picking up considerably.

The Georgia R. R. & Power Co. is about 95 per cent organized and everything is going along pretty smooth, and the Southern Bell and Western Union linemen in this jurisdiction are continuously coming over to 84, most especially since the big telegraph strike of the C. T. U. A. has been called throughout the southeast by that organization.

Now for the telephone operators' situation will state that the C. T. U. A. has had an organization campaign which has been going on for some time for the W. U. operators. They sent out an invitation to the telephone operators of this city to come join their organization and they accepted their invitation and quite a few attended. This was about April 1, 1919, and a few of 84's members were there on the Sunday afternoon they began to organize them, and 84 at once got busy and gave an entertainment on May 30th, and I am glad to say this was a grand success and was well attended by the telephone operators. The Executive Board of No. 84 had two meetings with them prior to this one, when they signed up for a charter, so the invitation of May 30th was installing of L. U. 126-A. At this entertainment Mss Rose Hickey, International Organizer of Telephone Operators, was present. She is some organizer, and has done a lot of good here. We are positive the labor movement of this section must take their hat off to her. She has gained many friends in Atlanta.

Now as for the strike of the telephone operators. It was called by the C. T. U. A. after the Bell Company had discharged a number of their members and officers for union affiliations. The C. T. U. A. called this strike without ever consulting the Electrical Workers, the Executive Board of 84 was at the C. T. U. A. meeting the night the strike was called, June 2d. Their Executive Board informed us that there was nothing to stop them from calling the strike and that they were going ahead, so it was impossible for us to advise the girls to stay on the job. They declared they were going out in sympathy with the C. T. U. A., which they did, and since the strike L. U. 126-A has gained many members and are signing them up every day. Of course it is quite true that the C. T. U. A. have signed the majority of them, but Brothers you can plainly see they have invaded our jurisdiction in doing what they have done. They began their campaign ahead of us, but we are glad to state at this time we are holding our own. We are certainly backing them up with our moral and financial support, but so far as the strike is concerned we have allied with the C. T. U. A. and are fighting as one organization. We are not the least bit antagonistic to the C. T. U. A., so we are all positive that the labor movement of Atlanta is going to back up the telephone operators to the limit from a financial standpoint. They have the endorsement of the Atlanta Federation of Trades and State Federation of Labor.

Brothers, please let a hint to the wise be sufficient, and get busy with the telephone operators and put them in our organization where they belong. Don't give the C. T. U. A. a chance at them. (We did not go to sleep on the job.) While the C. T. U. A. was invading our jurisdiction, the Brotherhood knew quite well of our bitter strike with the Georgia R. R. & Power Co. and the recent strike with the electrical contractors, with whom we have not as yet made a final settlement.

W. M. Pollard, our Business Agent, is at this time in Florida with a strike on his hands, which seems to be very popular through this section with the electrical workers and many other crafts.

We are mailing you under separate cover a photograph of L. U. 126-A. Also photograph of C. T. U. A. telephone operators and Western Union operators, who are on strike. Most of the girls are Western Union strikers.

I will let the Brotherhood know more about the strike in next letter.

With best wishes and success for the Brotherhood, I remain

Fraternally yours,
B. H. Haley, Press Sec'y.

Demand the Union Label.

L. U. NO. 107, GRAND RAPIDS, MICH.

Editor:

Well I am just discharged from the service after 21 months in France, and of course we got considerable experience that might be of interest to some of the Brothers. You can say for us all that we are tickled to get back to the old U. S. A. alive, and I think the war has been a good teacher to the boys who went through the big show and thousands of new members will be seen in the different locals and internationals in the future, because it has taught them all that in union there is strength, and that there is just as big a principle to fight for in workingmen's welfare as there was in the big war. Labor unions played a big part in winning the war and I hope the country will be back of us all in the future to show appreciation of their loyalty. We did expect to see the six months' bonus pass unanimously for the boys as \$60 don't give them much of a start in civil life. But it is over and I think the people here never realized what this war has been and what the boys had to contend with or a different spirit would be shown.

Also Brothers, take heed! Don't give any more of your hard earned dollars to any fund, patriotic or otherwise, that donates to the Y. M. C. A., as they have got thousands of dollars from the A. E. F. boys and never gave us anything to speak of, after you all donated so liberally to them, thinking it was for us. The boys cannot sing enough praise for the wonderful work of the Red Cross and the Salvation Army, and may their good work continue.

Well, Brothers, after seeing the conditions of labor in France and a part of Germany, we can all be thankful we are in the good old U. S. A. Hoping that high scale of wages will stay ahead of the high cost of living. I remain

Fraternally yours,
Richard Wyman.

L. U. NO. 109, ROCK ISLAND, ILL.

Editor:

Well, Brothers, I did not get in last month's Worker, so will start now, so I will not be late again, just to let you know that 109 is still among the land of living.

All Brothers are working that want to work, it seems.

I was selected as President to fill the unexpired term of Brother Baners, and Brother Willhite as Vice President.

We have closed an agreement for one year with a 75 cents a day raise, making our scale \$5.70 for linemen and \$6.15 for foreman. This is with the Peoples Light & Power Co.

At our last meeting we voted to raise our dues to \$1.50 instead of \$1.25. Three delegates will attend the Tri-City Federation. They are E. M. Gilmore, E. O. De-Fratis and E. C. Knowls.

I am sorry to state that Brother Keeler has taken a traveler and gone up to dry old Iowa to spend a few days.

Well, Brothers, I see by the Worker that the per capita tax raise was carried by a big majority, and the big strike was carried also. Now is the time to do some organizing, and one craft is the telephone girls. They sure need it around here.

No. 109 is getting ready for the tramps. A pie card was voted at the last meeting. Brothers, I can say every local should have one as sometimes some of us don't know what we are organized for, but of course there are always some Brothers who say that things are not run right by the officers of their local. Come to the meetings and see that it is run right.

I see that Shorty Wade of the Old Linemen Home says it is the real dope. It will cause the ex-member at large to get into the I. B. E. W., and when their dues

are due they will pay them, and will not have to be run down by some one. We have a swell one for the city. He was city electrical inspector last year, member of 109, keeps almost three months back, like some more around here. This year he lost out and he has the line job with the city. Brothers, I say not until we make a cleaning of such so-called members we will get nowhere. Some have not got time to attend a meeting, but still they have time to go to a meeting of the so-called club of the company and listen to their hot air. Brothers, it is rich.

I see by the Worker in "Around the Circuit" linemen scales are \$5.85 to \$6.10 for eight hours. Here we are driving away at nine hours of good solid work, and I claim it is nine hours straight through. The little G. E. has forgotten he was a line-man at one time. We get the great big sum of \$5.70, and lose all bad weather.

I would like to see all of the Press Secretaries get down to business and write a letter. Would like to see some more about the Electrical Workers' Home. Will close, with best wishes to the I. B. E. W. Press Secretary, Local 109.

L. U. NO. 111, DENVER, COLO.

Editor:

I will endeavor to let you know what is going on in and around Denver. Things are not very good in electrical work here at present. The Western Union are putting on a few men now and then.

One of our Brothers, C. H. Wright, was electrocuted at Colorado Springs, June 2d. They were pulling wires over 6,600 volts, and he got crossed up. His remains were shipped to Council Grove, Kan.

We have just entered into an agreement with the Denver Gas & Electric Company. We believe we have one of the best schedules of wages in the west. The regular working hours shall be from 8 a. m. to 12 noon, and from 1 p. m. to 5 p. m., except Saturday, which shall be from 8 a. m. to 12 noon. Two ways on the company's time.

Holidays and on Saturday afternoons and on any day after seven hours in addition to the regular shift shall be paid at the rate of double time.

In the employment of men after date hereof, the company agrees to give preference to men of the I. B. E. W., affiliated with the American Federation of Labor.

With this agreement the Business Agent to have access to Denver Gas & Electric Light Co. property at any and all times to attend to the business of the I. B. E. W.

There is to be no discrimination on the part of the company towards the men on account of any affiliation they may or may not have.

At the wage scale of agreement in their working rules on and after May 1st, 1919, be as follows:

Line foreman, \$6.30 per day; linemen, \$6.00 per day; loop wagon, \$6.00 per day; apprentice linemen, \$4.70 to \$5.50 per day; line troubleman, \$6.00 per day; 3 arc inspectors and cutout troublemen rated linemen, \$6.00 per day; 1 arc trimmer rated, \$6.00 per day; 1 flasher man, rated lineman, \$6.00 per day; 1 theater wagon foreman, rated line foreman, \$6.30 per day; 2 theater wagon men, \$5.75 per day; 1 flat rate man, \$4.50 per day; house troublemen, \$3.50 to \$5.35; meter testers, 3 phase testers, \$140 per month; instrument testers, \$130 per month; inside meter testers and repair men, \$120 per month; outside D. C. testers, \$120 per month; outside testers over 20 amp. and complaint test, \$120 per month; outside testers (5 to 20 amp.), \$115 per month; meter cleaners, \$75 to \$85 per month; order men, \$105 per month.

Our committee is composed of the following Brothers, whose good work was more than appreciated by all members: G. A. Von Schultz, L. H. Kilsey, J. A. Kimball, A. Murdock, Dan Bresnahan, Jas. Bresnahan, Joe Lewis and Geo. A. Ludwig.

Brother G. A. Von Schritlz, of Portland, Ore., who has been with us for the last two weeks, is some organizer, and certainly can get up an agreement and do business fast when he is on the job and keep his committee well organized. I wish we had a few more brothers just like him to boost No. 111. It would certainly be one great local. All the brothers would like to keep him here. We wish him success and prosperity in all his dealings.

Now, Brothers, we have called a strike on the Western Light & Power Co. Am sorry to say that some of our Brothers are scabbing the job. A scab is merely the scum of the earth, just like the reptiles that crawl in the grass, always ready to strike when you are not watching.

Now, Brothers, here are the four card men who are still scabbing the job: John Fallon, card No. 448457; J. L. McNeal, card No. 448454; C. C. McNeal, card No. 448488, all of Local No. 111, and A. G. Gott, card No. 4466022 of No. 12; also a man named McIntyre, a scab.

Now, these Brothers have been fined \$100, so Brothers, take notice if you see any of these reptiles, help to keep them on the walk, because Satan has no use for a scab.

Now, this is what the Western Light & Power Co. are sending to their employees:

Boulder, Colo., May 14, 1919.

To Our Employees:

You, no doubt, have received a letter from a certain organization, saying that the Western L. & P. Co. is not fair. And it gives me pleasure to see the position you men are taking in this respect, in loyalty to the company. You realize, of course, that this country of ours has gone through one of the greatest wars that has ever been known and now, as free American citizens, we must not let a Bolshevik element put our country in the state that Russia is now in.

Thanking you for your loyalty and good will to the company, we remain

Yours respectfully,

Western Light & Power Co.

By H. O'Donnell, Supt. of Lines.

Letter No. 2.

Boulder, Colo., May 14, 1919.

Office of V. Pres. and Gen. Manager.

To the Employees of the Western Light & Power Co.:

In the last few weeks there has been caused some agitation among the employees by outside parties endeavoring to have you join a certain labor organization. Their efforts met with failure on account of the loyalty of the employees of this company, and culminated in this labor organization attempting to declare this company unfair.

I wish to express the appreciation of this company to its employees for their loyalty in not being influenced in any manner by this organization.

I assure you that this office is always open at any and all times to any employee who has any matters that he wishes to discuss in regard to betterment of the employees and the service, as we are all one family endeavoring to make a success of the operation of this company and by united and loyal effort of its employees, we feel that we will fast recover from the setback received on account of conditions brought about by our late victorious war.

Assuring you that this company will at all times look to your welfare and will appreciate loyalty and merit in its em-

ployees, and thanking you for this demonstration of loyalty to the company, I remain

Yours very sincerely,
D. A. Hegarty, Vice-President.

This company even went so far as to condemn the I. B. E. W. as a Bolshevik element, saying they were trying to put our country into the same state that Russia is now in.

Any time a free-born American citizen of any union organization tries to better his condition, he is called a Bolshevik.

I would like to see the Grand office get busy and call this nation-wide strike, for that is the only way that we can get justice.

I do not believe for them in the east of the country to go out and then the west to go out separately. Why not all go together and make a good job of it?

The boys here attend the meetings regularly, but like in so many places, there are only a few who try to do the best they can to keep things going, and then they are criticized for taking the stand they do.

If the brothers who set up against the wall would explode once in awhile, it would help a whole lot.

I would like to see at the next convention an universal initiation fee. The way it is now, there are too many different fees.

I believe when a brother pays his initiation fees in the I. B. E. W., that his card ought to be admissible to any local union without paying a higher initiation fee.

Any brother coming this way wants to have the green goods in his pocket or our long, hungry-looking business agent, J. H. Kilsey, will certainly get you, for he does not fear the devil, so if you come this way you better have paid up cards.

We have brothers who have been working every day, who are three, four, five and even six months in arrears. It seems as though they do not want to pay their dues, but they want to reap the harvests of those who do pay their dues.

Now, brothers, we have amended our by-laws and we are going to enforce the constitution, so get busy, pay up your dues and keep in benefits for you know not what hour you may pass beyond, for the business agent is going to enforce the laws from now on.

We are getting in quite a few applications which is helping us build up our local.

Best wishes for all I. B. E. W. and officers, and hoping the Journal finds space for this article, I remain.

Yours fraternally.

C. H. Ross.

L. U. NO. 136, BIRMINGHAM, ALA.

Editor:

Just a few lines from 136 to let the Brotherhood know we are still on the map and doing business.

We have grown from a very small acorn to a mighty big tree and have a good live wire Business Agent in the field, and must say he sure brings home the bacon, as he always has a good bunch of applications every meeting night.

Owing to some trouble in the Muscle Shoals district we have been flooded with a number of traveling cards from Local 558, and of course we are glad to have the Brothers with us and are trying to place them, but at present work is not very brisk here and several of our Brothers are not working; so wish to advise any Brothers who may think of coming this way that chances for work is very small at present and advise them to go to a little better place than this if they are hunting some steady work.

The contractors gave a get together banquet and invited all the inside boys,

whether they were union or non-union, but must say we were the daddy at the big feast and I think these fellow workers realize their mistake by not being one of us, and am sure we will have them in the Brotherhood before many more moons.

Brother S. L. Whithead is Business Agent for the Local and his address is Ben Hur Temple, or if writing, address all communications to P. O. Box 205, Birmingham, Ala.

Trusting that you will find space for my letter in the Worker, I am

Fraternally yours,

John A. Braun, P. S.

L. U. NO. 155, OKLAHOMA, OKLA.

Editor:

While the battle is raging and we see a company of new recruits coming we feel a sense of joy creep over us. We feel that we are in possession of this feeling.

We have been granted permission to open our charter for thirty days and the present outlook bids fair for a good bunch of recruits. The inducements of the open charter will bring in several and you know it would have been a difficult thing for you to have had the flu until it was in the air. Organization is now in the air. You know that fruit is much easier to shake from the tree if you wait till it is thoroughly ripened. And we are now prepared to shake a bush. There are several things that have led up to the ripening of the fruit and one of the important ones has been the autocratic rule that Burleson has been so carefully working out to the interest of the wire companies. The raise in rates and the charge of \$10 to \$15 for moving a telephone from one office to another have been passed out as war measures and now the wire companies can put a few drops of cool water on the impatient feverish tongue of the public if they can show that these raises were anything more than a war cloak for the benefit of the different companies concerned.

It seems now that Burleson is "passing the buck" back to the different companies. The companies will appreciate the favors that Burleson has done for them and it is our belief that Burleson has done more toward organizing labor than any one agent in the field. Now that the buck is passed to the companies Burleson soliloquizes "now labor be good", but this is very similar to the attempt to kill an old maid and she takes hold of your hand and gives it a gentle squeeze and says to you to be good.

L. U. NO. 162, KANSAS CITY, MO.

Editor:

Business is picking up. Kansas City has just held its second and most important meeting of the Federated Railroad crafts of Greater Kansas City and although the electrical workers did not cause any overcrowding of the Labor Temple by their attendance, they are aiding in this general movement for a national agreement and a necessary increase in wages.

The first federated meeting was held in response to a demand for action on our requests which have been standing since the first of the year and terminated in wiring Director General Hines that immediate action on the part of the adjustment board would be required to prevent the 10,000 represented railroad shopmen of Greater Kansas City from laying down their tools and waiting until their grievances were properly adjusted.

The chances are that this message did not ever reach Director Hines as his assistant kindly informed us at an early date that our wire had been referred to Mr. So and So, whom we suppose will see fit to pass the buck to the numerous Mr. So and Soss, who constitute the perpetua-

delay board which eventually ends up in the waste basket.

This utter disregard of our demands was the prelude to our second meeting, which was held at the Labor Temple June 7th, and was largely attended.

Various subjects were brought up and disposed of and aside from the carmen, who invariably indulge in the popular indoor sport of tug-of-war on most every important subject which came before the chair, the unanimous opinion was that immediate steps should be taken to terminate the horse-play which has prevailed the last five months. A committee was appointed and resolutions adopted to be forwarded to Director General Hines, the chairman of the Railway Adjustment Board, and the representative of each craft at Washington, D. C., that our patience was exhausted and that we considered July 1st as the latest date that these arguments would be open for discussion, that they had been buffeted around from one place to another until patience had ceased to be a virtue and that we were solidly behind our representatives in whatever action they see fit to take, if a satisfactory conclusion of our demands are not forthcoming by the afore-mentioned date.

General news from 162 is somewhat scarce, and rather hard to originate. There has been nothing of importance transpiring in the lodge room, except the report of Brother Friberger, trying to tear up a telephone pole with his new motorcycle, which ended with sad results to himself and passenger, Brother Simpson.

Most of the members of our local are from Kansas City Terminal Co., and most of our time at meetings is arguing over family troubles which should be threshed out with the quiver at the yard, but troubles are troubles and must be brought up whenever there is anyone around to listen, so they argue on, and the room fills up with smoke.

Sincerely,

P. N. Carl,
Press Secretary.

L. U. NO. 182, CHICAGO, ILL.

Editor:

Perhaps after not having heard from us for about four months you think we are not on the map. I want to correct that delusion, for we are not only on the map, but in the front line trenches, and as solid for our demands to a man as any organization in the country. With a 100 per cent organization, and all paid up, we mean business. We have to wait for those people in the legislature at Springfield to wake up from their Rip Van Winkle dream and read a little geography and history. We do not care who wrote it. They can go to the little school house and borrow one. If they have children going to school they can read it at home. They will learn that Chicago, in Illinois, is the second largest city in the U. S. But first in manufacturing, railroad center, packing industry, and has the only people's Mayor in any large city who was denounced by the public press and then corporation bosses. But holds the confidence and the integrity of the working people of his city. Under the present tax system, which was in vogue when the city had a population of 48,000, they expect us to run a city of 3,000,000 under the same system. It can not be done. The city can not pay for proper help, and any fool knows it. All we are asking for is a fair part of the taxation, so the employees will receive a fair living wage, which drives out discontent and disorder among a cosmopolitan people. I hope the slogan of "I will" of the great State of Illinois will be kept up,

as we want to tell these self-interested politicians that our motto is: "Put away your hammer and do not knock. But bust your State by busting Chicago and make her the largest center of the world."

Sincerely,

James P. Gleason, Press Agent.

L. U. NO. 184, GALESBURG, ILL.

Editor:

Hoping a letter from 184 will not astonish you Brother and Sister Locals too much and I don't believe there has ever been a letter from 184 in the Electrical Workers Journal since I have known it anyway. I happened to have a misfortune befall me by breaking my arm decorating for the home-coming of the old Company C, now Battery A, 123 Division, so I have plenty time to write to let you know Local 184 is still in existence. I am not the P. S. but am taking the liberty on myself. Our Local is pacing along under the same old hardships as ever. We are doing wonders in organizing the girls of the Telephone Co. nearly 100% local now. We boys are doing our best in getting them lined up in their general line of doing business. I, myself, believe they will have a much stronger Union than we boys have.

The telephone boys got a fifty cent raise and agreement signed which makes them \$4.25 per eight hour working day. Inside boys did some better by going out for 7 1/2 cent raise per hour amounting to 70 cents per hour and a 44 hour week.

We have three open shops here and haven't been able to do anything with them so far. But we are still in hopes they will come across soon.

Any Brothers floating this way please stay clear of Delco Lighting Co. and the Trask & Payman Electric Co.

When we presented these concerns with our agreements they wanted to scratch everything out we had on and fix one to suit themselves, but not with us.

We lost two good brothers the last week. Bro. H. Griffie, from the Telephone Co., leaving for Lincoln, Neb. and Bro. Wagner, cable splicer for the Telephone Co., who leaves for his home in St. Louis. Here's hoping our two brothers good luck from 184.

We also have two brothers back from the Army, Bro. Gregory, of Light Co. and Bro. Mayes of the Telephone Co. They are glad to be back and 184 to have them back and in sound health.

We have two brothers not working here in Galesburg so you see, we are not over-supplied with electrical work.

I see in our directory in the Journal there is a mistake in our Financial Secretary, Bro. H. Griffie, Y. M. C. A. Bldg., and it should be Bro. A. Misson, W. Tompkins St., Galesburg, Ill.

Hoping I am not taking too much liberty in writing, I remain,

Yours fraternally,

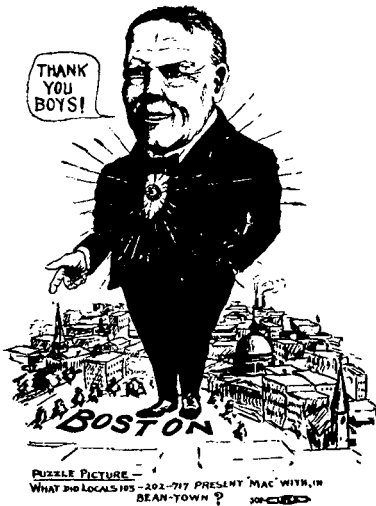

Wm. Wood.

INTERDEPARTMENTAL UNION NO. 202, BOSTON, MASS.

Reception and Presentation in Honor of Frank J. McNulty, International President.

In answer to an invitation sent him by the Committee on Arrangements representing Local Unions 103, 202 and 717, I. B. E. W., Brother Frank J. McNulty attended a reception given in his honor on Saturday, May 31, 1919, at 8 p. m. in Lorimer Hall, Boston.

The Chairman of the Committee on Arrangements, Brother James R. Queney, President of Local Union 202, I. B. E. W., opened the meeting by introducing Inter-

national Executive Board Member, Brother Frank L. Kelley, as Presiding officer.

In a very felicitous speech, in the course of which he dwelt upon the remarkable work done by Brother McNulty in the cause of labor, during many years in America, as well as upon the success of his mission to Italy as a member of a committee of five Trade Unionists authorized by the Government of the United States and that of Italy to combat the spread of the peace and other propaganda which caused so much embarrassment to the latter country in the midst of the great war, Brother Kelley introduced Brother McNulty as the speaker of the evening.

Brother McNulty gave an interesting and instructive talk covering his trip to Europe, his work in Italy, his tour of the fighting front in France and his return home, during which he held his audience in the most rapt attention.

Aside from the many experiences and adventures that befell him in the entire period of travel, such as encounters with submarines and like dangers of war, his account of his speech-making ten times daily in the cities of Rome, Milan, Genoa, Venice and other places in an effort to offset enemy propaganda, was of central interest.

He also spoke of the beautiful works of art that he was shown, including the many wonderful churches and cathedrals that are to be found in every city in Italy. Problems of labor immigration too detailed and complicated to be set forth in this short summary of his talk were discussed between the representatives of Italy and the Mission of which he was a member. The soldiers, the hospitals, the immense war factories all came in for a share of his attention.

Before the Mission ended its work in Italy its members were received in audience by the King of Italy, who talked with them for an hour, thanking them for the good results which they had achieved and invited them to return to Italy two years after the end of the war.

Of the many interesting personal anecdotes related by Brother McNulty perhaps the most characteristic was the following occurrence. While stopping at Gibraltar he learned that the American sailors quartered there were required to pay twice as much for articles purchased by them as compared to the price paid by all others stationed there. When thereafter the opportunity presented itself, in the company

of British officers on board a ship to which the Mission had been invited for a formal entertainment, Brother McNulty registered a vigorous protest against the discrimination shown our sailors. The story was soon current about the town and when the Mission left port the American sailors were on the dock and cheered the name of McNulty repeatedly as the ship pulled out.

At the close of President McNulty's speech, J. R. Queoney, as Chairman of the Committee on Arrangements, spoke of the respect and appreciation which all thoughtful members of the Brotherhood entertained for Mr. McNulty and in token of that feeling, by and on behalf of Local Unions 103, 202, and 717, I. B. E. W., presented to him a magnificent diamond stud set in platinum and gold, the gift of these Unions. Brother McNulty was overcome with surprise and gratitude and for a time was unable to express his happiness and joy upon receiving such signal proof of friendship and regard from members of the Brotherhood.

Fraternally yours,

James R. Queoney, Chairman.

Frank R. Sheehan, Secretary.

Committee on Arrangements, Local Unions 103, 202, and 717, International Brotherhood of Electrical Workers.

L. U. NO. 205, OMAHA, NEB.

Editor:

Just a line as I have more business than a hen on a tin roof scratching for feed. Well, the answer to the North Yakima Local is out and I suppose that by the time this reaches the I. O. it will be impossible to send a telegram as the Telegraphers will be out, and then in less than a week the Telephone Workers will be out against the high-handed methods of Czar Burleson, and I see by the papers that President Wilson will not remove him on account of labor troubles. I think that none of the organizations should treat with any officer in regards to settling the difficulty until that eyesore to President Wilson's labor policy is removed from the cabinet.

Well, our big boss (Director of Railroads Hines) is to be here on the 10th, but he has sent Local 205 no word of his plans in regard to the increase for rail workers. I have no news along these lines except some of the boys are getting nervous, as like myself, have spent the increase on living expenses long before we get it.

If Director Hines is studying our conditions on this trip he is going a good place to find out about them and the only place you will see him is at a noon luncheon at the Chamber of Commerce, where a laboring man is as welcome as a snowball in Sahara. Except when they want to put Omaha over the top on a loan drive.

Local No. 205 has decided to have a special meeting the 27th and hold election of officers and also have a little get-together meeting and open a keg of nails or Bevo; and also have a sandwich or so.

Attendance is falling off and we are trying to put in a system of attendance that Local No. 22 has, and if it passes the third reading will slip it in the next Worker.

Well, I must close this letter and next month will do better, as have some business moving and getting located on the east side of the Missouri river.

Riley, Press Secretary.

L. U. NO. 212, CINCINNATI, O.

Editor:

Yes boys, she went dry. Our beautiful Cincy still in mourning since May 27. Struggles in vain, with the aid of the famous Coca Cola and near beer to regain her feet. But alas, ere you read these

lines she will have been completely knocked out for the full count. "Make mine nectar" or "I'll take strawberry" will be heard from all sides in the future, and Oh boy, can you imagine anything like that from Joe Gitterer.

I feel like telling a story again fellows. I don't expect to get by with it, but I'll knock it off regardless.

As related by Senator O'Gorman:

"A wealthy Westerner met a friend of former days, who was rather evidently on the downward path. Plainly, liquor had been the cause of his undoing.

"The Westerner however, wished to be friendly and asked the man to have a drink. The friend gladly accepted the invitation.

"Leading the way into a cafe the Westerner said to the bartender: Two straight whiskeys please.

"The derelict moved quickly to the bar and said in an eager and decisive tone of voice: 'Give me the same!'

Will state however that you may still order as you see fit in "Old Kaintrick" and since there has been no advance in bridge fare we can still take our usual nip without any great inconvenience.

Our boys are still returning to us from over seas and various points throughout the states. We have as yet the first one to return maimed or injured in any way, and only two who we have mentioned in previous Workers having given up their lives. May God speed the safe return of those who are still "over there."

In giving 56 boys to the service I think old No. 212 has much to be grateful for in the safe return of so many to date.

On May 1, we entered into the second year of our three-year agreement with the contractors. Considering the battle the plumbers put up and the compromise they made in their demands upon returning to work proves that we are traveling along the right track.

The good feeling existing between contractors and Local No. 212 was never so noticeable before. It has been demonstrated particularly in several of the shops where superintendents were in demand. Instead of the contractor bringing in some one from the outside or from the office force our boys were given the opportunity to make good.

The Devere Elec. Co. recently made ex-brother I. H. Smith general manager. Smith at that time was still a member, but has since resigned.

Brother Thomas Donnelly has been made master of ceremonies at the Electric shop. Brother F. Hittinger is trying his best to steer the brothers of Beltzshower Electric Co. in the straight and narrow, while Brother M. Barker is laboring incessantly in an effort to produce 8 hours per day per man for A. Fink & Co. And when the boss who has seen his way clear to employ "yours truly" and later is willing to take a chance with him along the same lines, only proves to me conclusively that some contractors don't care what becomes of their business.

We are to have another election soon (June 25).

As usual the most important office on the ticket will be P. S. Will state that this year there is quite some opposition for said office.

I have always given the boys of 212 credit for being as intelligent as you could find elsewhere and I have often wondered how I got by with my line as long as I did. The fact that I have recently become quite delinquent has no doubt enabled them to contend with it. And by the way that reminds me.

In the days of the old University Club at Washington, there was a certain ob-

jectionable person who had succeeded in gaining admission to the club, in spite of its exclusiveness. One day this vulgarian became extremely noisy in the cardroom; so much so that a certain indignant member of the club blurted out: "Say! If you'll resign from this organization I'll give you five hundred dollars."

The objectionable person left the room in high dudgeon. Chancing to meet on the stairway Walker Blaine, the son of the then Secretary of State, the aggrieved man related the incident, adding: "Now what shall I do about this?"

"I would advise you to stand pat," replied Mr. Blaine. "I think he will make it a thousand."

If I get away with this I can safely say to my successor in office "Go to it they stand for anything."

Extending best wishes to all, we beg to remain

Yours fraternally,
L. U. No. 212, I. B. E. W.
Per E. S.

L. U. NO. 225, NORWICH, CONN.

Editor:

Advertising is the life of any trade, so I will call all Locals attention to the fact that Local 225 of Eastern Connecticut and Westerly, R. I. are still making splices in the same oldway.

We would appreciate it very much if all brothers working in our territory, running across any non-union men, to tell our business agent, and he will try and make their visit in our vicinity enjoyable, he is just like a cat he loves them so.

Could any of the brothers imagine a closed shop for Local 225, it sounds too good to be true, doesn't it, but I think it will come through. Now I am getting a little ahead of my story. In the last month we have increased our membership wonderfully. We have succeeded in initiating about 50 linemen. Our fee has been lowered to \$5.00 and already we have realized results. In a short time all maintenance men and telephone men in this section will be thoroughly organized. Our Local is alive; it is growing, and soon will be second to none in the state.

I see that my last letter drew some comments from some union brothers. Many thanks boys for the compliments. I am not dead yet, and in fact I have not given the matter any thought, as I am too busy working to see our Local gain better conditions.

I think Local 225 can do a good deal for the Linemen and Station Men, as they in no doubt like the scale of wages shown in our Journal every month from different parts of the country.

Some linemen don't seem to want to better their conditions, and won't even let us help them to help themselves. Some of the climbers say that their company will pay no more wages, as they are now under a heavy expense caused by the war.

I told these fellows that the best thing they could do, was to get into Local 225, where they belong, and not depend upon anyone's promise, and they would get the wages they are entitled to. We can do nothing for these men as long as they are on the outside, and not acting and thinking for themselves, thereby retarding their progress by remaining a weapon in the hands of their employer.

We held a special meeting together with a smoker Monday evening, May 26, to take in the new men, this being a mixed Local we took in linemen, cranemen, maintenance men, inside men, and a few helpers—some collection, but a mighty fine crowd of men. They were given the glad hand of welcome, after they had taken a short ad-

venture on the 200 pound goat owned by our able president.

The following program was rendered, in which volts and amperes were flying fast:

Brother Bernier sang a song entitled, "O You Watermelon Vine," which ought to have been killed years ago.

Chief McGrory, the medicine man, was right on deck with real comedy, and water as a beverage was really impossible.

The singing of Local 225 quartette, Bros. Wm. H. Hall, Eli Crumb, Percy Cruthers and Wm. Carpenter, was fine. They had their hot air valves open and kept the boys happy.

The most exciting moment of the evening was a sandwich eating contest between Bros. Bill Weld and Cap. Keeney, as both had their teeth sharpened, it was some contest.

Speech by Bro. William Carpenter, "Will I Know a Bell From a Motor in the Morning."

Address by Brother Roger Tinker, "My Quart Nursing Bottle."

Brother Eli Crumb amused the boys with the little can opener on his key ring.

Song by Brother Warren May, "I Have a Few in the Draw for Later in the Evening."

We were sorry to hear that the old scout Donnelly was sick and could not be with us.

Of course Brother Fred Levitsky was present. He acted as toastmaster for the lineman, and he is a past master at that always for the interest of Local 225.

We are trying to draw up a new agreement to present to the bosses, as everything has gone almost out of sight, and a man must make fair wages or go under.

We are living and no more, but we have a doctor, who can take care of our conditions, and that is the I. B. E. W. and he has an office in this jurisdiction known as Local 225.

We would suggest that any inside men or linemen, coming our way would communicate with our business agent before proceeding on travellers, as we give all preference to Local men when the pinch comes, and no brothers on travellers or permits will be kept on a job when a local man is loafing.

We would like to see a larger attendance at our meetings, some of the older members if possible. Our attendance is always good of the frying size, but we would like to see a few of the old timers once in awhile with some fatherly advice.

Well I will close now, as I have a short in my pen and the fuse has blown.

Faternally yours,

W. P. Hill,

Rec. Sec'y. Local No. 225.

L. U. NO. 231, SIOUX CITY, IOWA.

Editor:

As we have not been in print for some time, will try and report conditions in Sioux City.

The Iowa State Federation of Labor met in convention at the Hotel Martin, Tuesday, 20. The brotherhood was ably represented by delegates W. K. Kerwin, Local 55, Des Moines; H. C. Hileman, Local 288, Waterloo; J. P. Winn, 405 Cedar Rapids; E. H. Trent, 173 Ottumwa; M. Violet, Local 47, Sioux City; E. Russell, 231 Sioux City, and Bro. David Crockett of the State Labor Bureau. The above brothers are all real fellows and sure are boosters for union labor. I attended the convention as a representative of the I. A. T. S. E. and most certainly enjoyed the associations with these brothers and hope to meet them all next year at Fort Dodge, where the convention will be held.

A resolution was introduced by the train men, part of which claimed all signal and maintenance men as coming under their jurisdiction. All I. B. E. W. delegates were promptly on the floor with a justifiable kick. The point was contested vigorously and President Canfield ruled that said claims should be referred to the A. F. of L., therefore we know who will be awarded the decision.

On the 6th day of May we had a new agreement come into affect. Then shops of a total of fourteen signed. Strike was called in the four large shops of the city which lasted for three weeks. An arbitrary agreement was signed and the men returned to work for 87½c per hour pending arbitration between 87½c and \$1. A board consisting of three members of the local, three contractors and Dr. A. J. McLaughlin will settle the wage scale. The meeting has been postponed until June 7. Dr. McLaughlin having been called from the city by his duties as director of the U. S. Public Health Service of Iowa.

The local is much indebted to our business agent, Bro. E. A. Croll and committeemen Bros. O. H. Hillman and A. J. Danielson, for their excellent work during the strike.

All members are working and the outlook is very bright for a good season here.

Would advise anyone thinking of coming here to write the local before doing so.

We have built up a great Building Trades Council here this spring. The same has been recognized for the first time in the history of Sioux City by the Master Builders Association. A closed shop condition exists in all B. T. crafts and all parties have agreed to submit all disputes to arbitration boards before going on strike.

Work is booming here. a one million dollar packing plant is under construction, four elevators of a total estimated cost of one million are under construction. Three or four apartment houses costing \$100,000 each are planned, along with many small jobs should make a long season.

We are again in the midst of a political campaign. Certain interests are determined to crush our mayor, who was elected by union labor and is backed by labor.

After a year of dirty effort they have obtained enough signatures to call a recall election. The basis of their argument is Americanism. They contend the mayor to be an I. W. W., he having gained nationwide comment by testifying in their trial at Chicago and again speaking to them at a convention held here by them. The meeting was attended by officials of the Department of Justice from Washington and stenographic report made of his address, which local papers refused to publish. We feel that if any utterances tending to incite riot or a spirit of rebellion toward American principles were made, action by these agents would have been very prompt. But nothing occurred except a demonstration fostered supposedly by opposing interests called by a notice put out without seal or signature of any committee.

We feel confident in saying that the present mayor, Mr. W. M. Short, is backed by 85 per cent of all labor votes of Sioux City, and the coming election June 16 will be decided proof of his sterling qualities as a real man and mayor.

We nearly forgot to mention the party. A joint meeting of Locals 47 and 231 was held during the convention. All brothers were present, interesting talks were made by the visiting brothers. The evening was spent in general conversation and the consumption of refreshments, which by the way were somewhat of a surprise in a dry town. Everyone went home late feeling better. The joint committee deserves a hearty vote of thanks. B. P. M.

L. U. NO. 239, WILLIAMSPORT, PA.

Editor:

I have been elected to let loose a little information regarding conditions in the jurisdiction of Local Union 239. Things are not very bright just at present in the line of work. We have at the present time about twelve or fourteen members loafing or working at another line of work. The new agreement presented to the Light Company and contractors was turned down flat and the members working for these concerns voted to do nothing further about it until conditions are better. I myself think that now is the proper time to fight it out, as I see by different trade journals that it is getting to be the popular stunt of a lot of the different Cos. and Contractors to try and force a cut in wages instead of elevating them. I hear so much talk that as there are so many men loafing it would not be good policy to get into difficulty. Now my idea is just the other way. I think when an agreement runs out it should be taken care of, and if the men who are working would have the guts to stick with that idea in view it would sure be a great help to those who are enjoying an enforced idleness now. To be able when things open up to get pretty near what is coming to them. Our local is at the present time working on a safety code both on inside and outside construction with the idea in view of bettering the conditions under which our members have to work, and also the protection of the public in general. We would like to hear from all the locals in the state of Pennsylvania and have their opinion on trying to get state legislature to pass a set of laws covering the construction and maintenance of all electric lines and equipment, also a law to enforce the laws already on the statutes relating to safety and safety appliances in all electrical work. Williamsport has some of the rottenest construction to be found any place in the United States. A few years ago Local 239 tried to have our city council pass an ordinance and adopt a code which we had spent much time and expense in drawing up, but the local politics were too much for us. We are now going to try it again. But I think if the different locals in the state would bring this matter up in meeting and appoint a committee to draw up a set of rules regarding construction and maintenance of electrical lines and equipment it would be a great help, as we then would have the different ideas and opinions of a lot of men whose daily work gives them the best chance in the world to see where lots of work being put up today could be done in a more safe and sane matter as regards to safety for the men who must afterwards work on jobs now being constructed. We are trying to get an operators local started here and it is going kind of slow, as we don't have many ladies men to do the talking. I guess that is enough for this time, but will come again.

E. W. Calhoun,
709 Washington St., Williamsport, Pa.

L. U. NO. 243, SAVANNAH, GA.

Editor:

It gives the above local much pleasure to let the membership at large know of the progress that we are making. We are now about seventy (70) per cent strong and we hope to reach the one hundred mark soon.

With consent of our international office we have our charter open for a period of thirty (30) days, for the purpose of organizing the telephone and telegraph workers. We have about eight (8) telephone employees now, due to the credit of Bro. L. L. McWatty and H. C. Horton, our shop stewards at the telephone plant. They both

are working hard to organize the telephone operators, and I think with the assistance of Bro. W. T. Leeper, Local 508 of this city, we will soon get them organized, though we hope to have Miss Rose C. Hickey, telephone organizer, here, as she would be lots of help to us. Local 243 and 508 are to give a little social get-together meeting the 30th of this month, and we think that it will be a great help to us to get the telephone operators organized.

Brothers, the Georgia Federation of Labor held its convention in Brunswick, Ga., April 16 to 19. It was one of the largest and most successful conventions the federation ever held. We had some very interesting speakers. One in particular spoke on union label that touched the very bottom of every delegate's heart, and it is true that we are fighting for union conditions and a decent salary, and at the end of the week we go purchase our household goods how many of us demands the union label? Or do we ask the retail clerk if he has a card? Brothers, if we don't demand the union label we are scabbing on our own self. Any one wanting a book with the names of the manufactures using the label can get them by communicating with J. J. Manning, 204 A. F. of L. building, Washington, D. C. It would benefit those who haven't these books to get them.

Brothers there is not much work here now, but we are still working on our agreement with the Savannah Electric Company, though in case you come here bring your green ticket with you or our financial secretary won't even let you stop. "Listen!" we had a brother to come in our local with a twenty-five (\$25) dollar card and when he left the city he applied to Brother Roberson for a traveler and wanted to pay three months dues and ask how much he owed the local. Difference of initiation, \$25; three months dues, \$4.50; assessment, 25 cents. Total, \$29.75. Brother Roberson was going to charge him \$29.98, and when he asked what the extra 25 cents was for, the answer was this: "War Tax." I really don't know what to think about the 98 cents. I have said previous to this that some of the brothers thought that Brother Roberson was a Jew, though I always argued that he wasn't. But I have always noticed in Jew stores and most of the articles advertised was 98 cents. So it looks suspicious, besides it is outrageous to have to pay "war tax" on traveling cards. I suppose that I have taken up too much space in the Worker now. Hoping the membership at large success in organizing the telephone workers.

Fraternally,

L. C. Kitchens,
Press Secy. L. U. 243, Savannah, Ga.

L. U. NO. 245, TOLEDO, OHIO.

Upon returning from the U. S. army this spring after helping to make the world safe for democracy I was once again elected as press secretary. While in the service a copy of our journal was like the Bible to us that had been in the I. B. for years, and all that saw it enjoyed reading it and passing it to some other bunkie. While we were away making the world a better place to live in, we upon our return find less democracy and more and more autocracy here in Toledo. The government report says 23,000 new millionaires were made during the war. Several of them are here in Toledo and are members of the M. and M. Toledo last winter was selected as was Akron, O., as to be an open shop town. They opened early in January the M. and M. employment office and nine strike breaking detective agencies opened offices in Toledo. Our agreement expired April 10 and the street car men with the Toledo Railway & Light Co. on April 1.

We joined hands with the street car men and asked for more money and better working conditions. The R. L. Co. would only give us a 12 per cent raise and the street car men 4 cents per hour. We jointly took the case up with the war labor board and got 8 cents per hour and 8 cents for the street car men per hour. Toledo has 1,000 war veterans organized in the Workers, Soldiers and Sailors Council. We would not take any jobs as guards at the Overland or in anything against the Workers. What we want is more real democracy.

The R. L. is now talking of an 8-cent fare. The Overland Automobile Company has attempted to raise the hours of labor from a 45-hour week to a 48-hour week. The men walked out, both union and non-union. Had a tag day here, receipts over \$8,000. We have a 50-cent assessment on weekly M. and M. through the rotten mayor we have had a "legion guard" of 200 and 500 night riders (special police deputized by himself). Some modern democracy!

We had the Mooney strike ballots and went over the top for Mooney for the four-day strike July 4.

Dad Cox was in Toledo last week. He is working for the Edison Company and getting along fine we hear.

Several of our best linemen have left here because the \$5.03 can be bettered with fifty-seven miles north of here.

Bob White is once again our president.

Brother Owens, who used to be at the Detroit Avenue power house has been and still is dangerously ill.

Brother Penrod is now able to be around.

Walt Perrin probably never will hike any more, as his engine don't run as steady as when he was younger, and anyhow Walt Perrin has done his share of the work before being taken sick. He sure has been some lineman for all of us to follow.

Brother Myers, our B. A., is still the most active trade unionist in Toledo. He leads all the B. A. and is vice-president of the Central Labor Union. Our local is growing and we are working hand in hand with our B. A. and we are slowly but surely becoming the best linemen's local in Ohio.

Yours fraternally,

Frank Ames, Pres. Secy. 245.

L. U. NO. 258, PROVIDENCE, R. I.

Editor:

Just a line from L. U. 258 to let you know that we are still on deck and steering the ship on a straight course and always looking for better conditions and dodging the bad ones. I wish to say that some of the Brothers in Local 258 are feeling very happy. The Brothers that I am speaking about are the telephone men, for they have received their back pay they had gained by the recent strike which they won. I don't think I am out of the way very much when I say that there isn't very many traces left of the money to tell where it has gone to.

In reading over the May Journal I feel very sorry to see that there was so few letters, for I do not think that the Editor is on to his job. If all of the Press Secretaries are dead, as there are letters missing from the Journal, why there should be a very big death column in the May Journal. I hope that such is not the case, for I guess that I haven't very much chance to talk, here in Rhode Island that are never heard as there are four or five Press Secretaries from, but I can tell you this much, that I have never received any invitation to any funeral if they are dead or have died, I hope that they will come to life soon if they are unconscious and let a few lines go to the Journal.

I am glad to say that after reading over the different letters that there are a lot of good suggestions given by the Secretaries. It is worth the time you spend in

reading the Journal, as the old saying is that you can never learn too much. One Secretary suggests that a home for the I. B. E. W. members be built, and I think that it could easily be done without very much inconvenience to the members. Another suggestion was made that each Secretary send in to the Journal for publication their wage scale. I wish to state that the light men are getting ready to try and change their scale, so I will send it in later. The telephone men are receiving the following: For foreman, \$40.25; head lineman, \$36; Class A linemen, \$33, and united linemen have a sliding scale of wages. Combination trouble men receive for class A men \$34.50 per week. These scales are for eight hours per day and six days per week, except during the months of June, July and August, they receive Saturday afternoons off with pay. They receive full pay for all holidays without work and double pay if they work.

I will state again that the local is receiving applications every meeting night, so you can easily see that it is keeping the officers busy putting the new Brothers through the initiation, but they don't mind the work one bit, and they say that they will not weaken as long as the applications keep coming into the local.

Now, here is a little scandal (for every ear is open for scandal). This news has not been officially given out, but here it is. Now don't get shocked. There is one of the active working officers in Local 258 who is thinking of getting married. I am not going to give his name to the Worker for publication, but he is holding down the job as Financial Secretary. Now whatever you do, watch your step and don't tell him who put you wise to the news. I wish to say on my part that I wish him the best of luck and hope some day that we will see some applications come into the Local with the same name signed to them, and there is no doubt that when the Brothers of Local 258 receive the news that they will extend their best wishes to him and his—to be in the near future.

I am glad to say at this time that Brother Pronlix has deposited his card again in Local 258, and our Brothers who were in the service are returning and will be with us again.

Well, the big question that is coming up before us at the present time is that of the delegate to the convention in New Orleans.

We had a very good meeting June 6th, for it was like a get-together meeting. All of the officers were present to answer the roll call, for several of them have been working out of town for the past two months and could not be present at the meetings. We have missed our foreman of the Local, for with the smile that he has most of the time it has that expression that Billie Sunday talks about (brighten up the corners). We also had his old side partner at the meeting—Richie, the pole painter.

I want to say a word of praise about the light linemen. Take it from me, they sure are getting busy, for it seems that every one of them have become organizers. At least it seems so the way that they are bringing in the new applications, and as the old saying goes (more power to them), the more the merrier.

I guess I will close this letter and lay the pen away for the time being and give the other Secretaries a chance at the space in the Journal. Hoping to hear from them all and wishing the I. B. E. W. and the members the best of luck.

Fraternally yours,

Fred J. Bayha,
Press Secretary, Local 258.

L. U. NO. 271, WICHITA, KAN.

Editor:

Now brothers I have subscribed for the Worker and I wish you would all get busy and put an article in. Lets make Ford enlarge his journal by sending in so much correspondence.

Well, Wichita boys are still alive. We are working hard for all fair shops and if we succeed ask us about it, we will be glad to give you our prescription. There is not much work here at the present time. The Building Trades here is trying hard to get a labor temple. That will make one fair job here anyway.

I think it would be well for all brother linemen to stay away from the Empire Oil & Gas Co. at Oil Hill and Eldorado, Kan., although they have not been declared unfair, they do not pay much money, and that is not all, they burnt up one brother over there; Brother Chas. C. Reynolds, of Sheffield, Ala. I will close for this time.

Fraternally yours,

Local Union No. 271. R. G. Miller.

L. U. NO. 300, AUBURN, N. Y.

Editor:

I would like to let the brothers know through the Worker that this local has declared a strike against the Auburn & Syracuse Electric Railway. General Organizer Boyle is here and has cleaned up all agreements in our locality except the A. & S.

The men have been out more than two weeks and the company has had two rats here for a short time now. So if any of the brothers hear of them wanting men here they will know the reason. The men ask (linemen) 62 cents per hour, nine-hour day for wages on the company and Saturday afternoon off.

Yours truly,

J. M. Barrette, R. S., Local 300.

L. U. NO. 329, SHREVEPORT, LA.

Editor:

Again I take pleasure of writing to the Worker, to let you know that Local 329 is wide awake and fighting for our rights.

We are going strong just now and having good attendance at our meetings, most of the boys seem interested, except a few who never take much interest in anything, although at present time things look good for Shreveport and we are taking in new members at every meeting night. Hope soon to be 100 per cent strong with outside electrical workers, while the inside local has every wireman in their jurisdiction and all the contractors are fair to organized labor in this city.

Work isn't plentiful here, but most of the boys are working, anyway we are keeping the wolf from the door and after the "high cost of living."

On the 25th of April the members working for the Southwestern Gas & Electric Co. walked off the job after we had gone our limit trying to make better conditions.

But am glad to say, during our walkout no one came in to take our jobs with exceptions of the negro lamp trimmer who the company used to catch house trouble. We had Brother Goble from the Grand office with us during our little business (not trouble) with the company, and after staying out ten days we are back on the job with much better spirits than we had before Brother Goble arrived. We owe very much to Brother Goble, who was right on the jump from start to finish and all appreciate the good work he did in getting our agreement through with the light company.

We also thank the Grand office in getting an organizer in our district on due time. Our agreement is to be in full force

and affect until the 31th day of December, 1919, as follows:

Journeyman linemen, 72½ cents per hour.
Arc light trimmer, 72½ cents per hour.
Arc light trimmer to be a journeyman lineman.

Meter department as follows:

Foreman, \$147.50 per month.

Foreman drop wagon, \$125.50 per month.

Night trouble man, \$122.50 per month.

Journeyman drop wagon, \$102.50 per month.

Meter tester, \$102.50 per month.

Utility man, \$102.50 per month.

Eight hours shall constitute a day's work four ways on company's time, Saturday afternoon 5 to 1 p. m. with full day's pay. Time and one-half from 5 p. m. till 12 o'clock midnight, double time from midnight till 8 a. m., Saturday afternoons, Sundays and legal holidays considered double time. Night trouble man to be off one night each week with full pay. Journeyman and Sunday trouble work, also the common linemen to get Saturday afternoons pany agrees to meet any committee or international organizer to discuss and endeavor to settle all grievance that may arise, furthermore agrees that there shall be no discrimination to our organization.

Our old scale was 60 cents per hour for linemen and the meter men run from \$85 to \$135 per month, and to catch all Sunday trouble work, which is now taken care of by linemen. I think \$1 a day raise is worth going after, if we only go the right way and Brother Jullipp and Brother Maresette were kept busy along with Brother Goble during our little time off the job, and we owe much to Brother Joeliff, who is our worthy president.

Some talk of Brother Otwell and Brother Maresette going into the grocery business and the local wishes them success.

We have raised our dues to \$2.00 per month and holding our regular meetings every Thursday night at Majestic building on Milum street. Non-attendance please take notice. There is a fine for not attending your local and looking after the good of our brotherhood. How about the universal initiation fee? Am with (Shorty) Wade. Go to it brother.

No doubt I have taken up too much room in the Worker this month and perhaps this will see the waste basket, but I'll try again if the editor will find space for this in our official Worker, which no doubt some members never take time to read.

I say let every local have a press secretary. That's what the Journal is for, to let each other know what's going on over the country.

Let us all get together and work for the benefit of our standard, bring electrical work to the top by doing our work right, along with organizing. Brother, there is a lot of difference between a union man and just a plain card man. Some do not stop to think what a great result it would be if every man put his shoulder to the wheel to build up our I. R. E. W.

Are some going to sleep always and let a few do all the work to better these jobs, which we hold to earn a honest living. Wake up, time is coming when organized labor will surely be on the top, but don't let a few plotters do all the organizing. They tramp railroad ties, go hungry and sleep in box cars, but still all are good union men. I say have a pie ticket to feed these brothers when they drift in your town, none are better.

The United Garment Workers local are holding a dance tonight and quite sure they will have success. They are out after a death benefit fund. Most brothers of 329 bought tickets. Brother Lyons, general organizer for the Cooks and Waiters Union, has been in town for some time. He has done fine work and now almost 100 per cent strong.

Trust I haven't taken up too much space and that the local won't find fault with me, if so they had better appoint a press secretary.

I'll dead-end and put aside my books for this time.

Yours for I. B. of E. W.
R. C. (Rusty) Johnson.

L. U. NO. 353, TORONTO, ONT., CAN.

Editor:

Just a few lines at this late date to help increase the correspondence pages in the Worker. In our last appearance in the Worker we had no writing material on hand and I begged a sheet from the generous R. S. of Local 353, and under that heading it was published in the May Worker. Then I stepped on somebody's corns, as they have a P. S., and when he read the article he gave me a very hard look, but being one who never says very much in the Worker or otherwise, I still survive, as looks don't bother me much.

Well, to get down to business, Mr. Editor, the craft in this province has been very unsettled the past month. Local 724, Ottawa, and 120 London, had to strike to win their demands, and Local 573 is out to enforce better conditions. The big trouble at the Falls was just settled at the last moment, when the heads of the Hydro Commission were brought to time. The executives of the Federation were assisted by Jimmie Gunn, the Business Secretary of 354, and he had much to do with the settlement. He has also been successful in bringing Local 353, Toronto, out on top in all the negotiations they have entered into this year.

The Secretary has had a reply from the Premier of Ontario acknowledging the receipt of the letter the executive sent to him asking that a labor man be placed on the Hydro Commission, and that he be one who has worked with the tools. I suppose the letter is tabled for an indefinite time or until they see that we are strong enough to force our demands; and now is the time, Brothers, to keep the conference before your local.

Join up and have your delegates ready for the next meeting, which is not far off. The foundation has been laid and it is up to you to start the machinery moving.

Wishing all Locals and officers of the I. B. E. W. every success, I am

Fraternally yours,

G. W. McCollum, Secretary-Treasurer,
223 Perth Ave., Toronto.

L. U. NO. 358, PERTLE AMBOY, N. J.

Editor:

Please make a space in your official Journal for Local No. 358, not on my account personally, as I do not wish to start in with any excuses why I did not get down to writing a letter every month in the Worker. I was appointed Press Secretary the first part of the year. And of course like others amongst the 800 or 900 Locals in our great brotherhood, did not fulfill my duties. But if the brothers see this in the Journal there will be a contest at the next election of officers to get a real good enough P. S. in our list of officers. As to conditions in and around our home-stead, the wiremen are just about holding on to what work there is. A few are idle now and there is no new building work going on. The camp jobs are just carrying the men on they have had all winter, not hiring any. Line work is slack in general. Camp Raritan as a regular gang going steady (dry weather prevailing.) I

do not know anything much going on with the service people or telephone company. The Public Service Railway put a few of our men on lately on repairs and some new construction or reconstruction.

There is a boom too now going on in this city by the Master Builders association, they having started a campaign and have asked the assistance of all the Building Trades through the Building Trades Council. Several Local Unions have responded 358 stepping in line and donating towards it.

It seems that instead of some of these moneyed men in our midst building homes for the workers, they are buying up the homes transpiring property from one to the other and raising the rents to such a price that it is impossible to rent a peace fit to live. Those who are in this profiting business are of one class and creed and soon will change the name of this fast growing city to that of a city far off, where they wear felt boots in their country most of the time.

There is a very good Board of Trade here. Merchants and Mfg. associations very good to themselves, but my how bad would they like to be organized labor or unskilled mechanics in factories in these parts. They have put themselves on record as telling certain employers not to pay any increase in wages and to some that they are paying too much. In a little trouble the Garment workers showed their hand to bad effects. The business men shop keepers who belong to this great good body of financiers for themselves do not realize as yet that the better pay the employed gets the better the Worker can buy of them. These shopkeepers do not know of this but they soon will as by the time the Worker reaches out to our membership I believe that Organized Labor in this city will tell all what is to be done if the Board of Trade does not stop in their practice. They wish to rule the city, but it looks like ruin if we do not step on the clutch and skid them some.

Our Central Union is sliding back a little, not much get-together with them. The Electrical Workers are always there, but the rest of the Building Trades do not seem to get in line with them.

Our agreements were signed up by May 1st by all Electrical Contractors in our jurisdiction without any trouble. We had two meetings with the boss contractors connected with the Master Builders, and they were very short and sweet without any kind of an argument. Of course there was a reason as Postum says.

When our agreements ran out and there was a change in wage scale and conditions two years ago and at one other time we had meetings with the contractors that lasted for hours. one conference lasted seven hours of good warm arguments, and even after there was a lockout with some of the contractors for about six months. A change then came. One of our worthy members went in the contracting business while the other bosses were unfair and cut in very heavy on their good trade and that made them look up and take some notice when they saw he was doing the work hiring Union 358 men and was kept busy. The brother is still in the contracting business and if the membership will stick to what is right by him we can keep these others in step and phase properly.

Up to and until May 29th Local 358 tried to hold that the hanging of large electric signs should be hung by Electrical Workers only. But some of the well established Electrical contractors said they could not and did not want to take the risk of hanging signs as large as weighing 300 to 700 pounds. They did not think Electricians inside men could do that kind of heavy work without any risk. It was put to a vote that a Mr. Patski, Iron Worker Rigger, Lineman, Exmember of Reed and Murphy, past dissolved and wreckers of good locals, was granted permission to sign agreements with Local 358 to hang signs employing Local 358 or Union Electrical Workers. His first sign was hung May 29 and 30th, but he could not get any Electrical Workers to help him, all were working, one or two were sick. So long as it stopped further trouble and agitation which had been carried on for 4 or 5 years the sign question is settled here.

Mr. Iron Worker can hang signs if he cannot get Electrical Workers he has the privilege that any other contractor has that has signed the agreement. Get the men and make them Electrical Workers. A word about Trade conditions here. There is not much doing, as I have said before all trades are just about moving and nothing new in sight. If any Brother thinks of coming this way better call up Business Agent P. F. Campbell first.

Our wage scale was published in the May Worker in around the Circuit column. The government jobs have not come across with the increase as yet. I was told Sunday last that Camp Raritan was about ready to settle on the new scale. Colonia Base Hospital and Camp Morgan (T. N. T.) are to be heard from as yet. We have a very good agreement and working conditions and it is up to the membership to uphold all that we have.

The scale is as follows: Journeymen, Foremen, Linemen and Insidemen \$1.00 per hour; Journeymen, Cable splicers \$1.00 per hour, Journeymen Inside and Linemen 87½¢ per hour; Inside Wiremen helpers 43½¢ per hour.

Local 358 is a mixed Local. The shop maintenance men do not have an agreement or wage scale which is too bad for that branch. There should be some means to have this branch thoroughly organized.

Mostly salaried linemen and maintenance men are also in this same sad plight. Of course no one will speak up for their rights and you do not see enough of them so as to agitate to boost their part along we go along until they arise and wake up to the fact that they are not getting enough of money. I am sorry to have to mention that our municipal light plant or our city official do not have a copy of our agreements with the signatures of the proper authorities attached. Pretty hard to approach Public Service or Telephone on that point. One of our members and a very good one when he was at his trade before accepting the appointment as policeman of this city, and who shortly after went to the front in the great world war, our esteemed Brother Sergeant Thomas Toolan, has been reported killed in action. As far as I know not official. We have been waiting some several months to get it official. There is no trace of him reported buried in shell hole when one of the big ones blew up around him.

I think if I do not soon come to a close the brothers will think I wrote enough this time to last another year. They will tell me anyhow all that I should have written and did not.

With best wishes to the Brotherhood and happy return of all our boys from over there.

Yours fraternally,
Wm. McDonough,
Press Sec'y.

L. U. No. 358.

L. N. NO. 360, PORT ARTHUR, ONT., CANADA.

Editor:

It has been a long time since Local No. 360 has had a letter in the Worker, so I will start the ball rolling. We still exist at Port Arthur.

Conditions in Canada at present are serious. The general strike at Winnipeg is spreading all over Canada. It has now become a fight for the very right of Unions to exist, and we may be all involved before a very long time.

Do not believe that we are Bolsheviks as the papers would like to make the public believe. We are simply Union men, who are going to stick together, swim or sink.

We get a lot of talk handed us from the big wigs of what the Government should do for us to improve our conditions, but no action.

We have a Royal Commission investigating labor unrest, but personally, I think it is a joke. Our international grand officers may not approve of the action, which some of our locals in Canada will be forced to take in this coming Crisis, but that cannot be helped, and sooner or later we must face the fact that our International office should be in touch with Canada more than it is so that action would be quicker in event of trouble. If the A. F. of L. does not get busy soon up here I greatly fear that it will lose the confidence of the majority of labor.

Hoping to be able to write soon and tell you that our troubles are all over, I am

Fraternally yours
C. C. Kruger,

Rec. Sec.

Local No. 360.

L. U. NO. 382, COLUMBIA, S. C.

Editor:

Just a line from Local 382. Brothers there is not much doing here just now. There is some work in the city but it was let to a scab contractor, so we are trying to get it straight.

Brothers if you should see an add in any of the newspapers for wireman and lineman by the McKenney Electric Co., at Columbia, keep away for it is a scab job at a price far below our scale, also ten hours.

Before coming this way write or wire our business agent, Brother W. C. Blake and he will give you straight dope.

I. H. Neeley, P. S.

L. U. NO. 434, DOUGLAS, ARIZ.

Editor:

Just a few lines to let you know that L. U. NO. 434 is still in existence, although business is not picking up very fast in this section of the country, as they are still laying off men about the mines and smelter. Three wire skimmers that were working for the Company that I am working for, got hit with a 2 by 4 last Saturday, and they are liable to hit a lot more of us with a 6 by 6 before long if things

don't change. So that things are not looking very encouraging in Douglas at the present time, well in regards to our worthy Recording Secretary, Brother Mathews, whom I spoke of in my last letter, who got his leg broke below the knee in testing out a motor is still laying off but is getting along as well as could be expected.

Well at one of our recent meetings it was brought up by one of the Brothers after seeing Brother Wade's letter from L. U. No. 83, Los Angeles, Cal., in regards to erecting an Electrical Workers home and after a little discussion our local adopted the idea, and now Local Union No. 434 is ready to give a helping hand in any way she possibly can, in helping to erect an Electrical Workers home, hoping all other Locals will join in and all put their shoulders to the wheel, and I dare say that it won't be long before the Electrical Workers will have a home that they will be proud of. So let us all get together boys and see what we can do. Well I am in hopes of hearing from some of the other press secretaries on these same lines.

With best wishes to all International Officers, also each individual Local of the I. B. E. W. I am

Fraternally yours,

J. C. McCunniff, P. S.

L. U. NO. 449, POCATELLO, IDAHO.

Editor:

Just a few lines to have you insert this photo in the next issue of the worker. This is the photo of Karl W. Finley, Card No. 64632. Has receipt for March out of L. U. No. 449 of Pocatello, Idaho. Anyone knowing the whereabouts of this man will

confer a favor on this Local by notifying Dave Powell, Secretary. Thanking you in advance for this favor, I am

Fraternally yours,
Dave Powell, Box 196,
Pocatello, Idaho.

L. U. NO. 455, MIAMI, FLA.

Editor:

Just a few lines to let the Brotherhood know that Local 455 is wide awake and

doing a great business. Everything is progressing very nicely at present and plenty of work for the Brothers who are here to do it and will be plenty of work all summer.

The Miami Light Co. and the Southern Atlantic Telephone Co. are preparing some new estimates, which will mean plenty of work for a while at least. Our entire membership is working, with the exception of Brother Sam Mann, who has been laid up for a couple of weeks with his hands, since he shook hands with 2300, but is getting along nicely and will be back on duty in a short time.

With my next letter to the Journal I will have something definite to report about the operators' organization, which at present seems very promising.

Conditions are good and wages \$6.00 and \$6.50 per eight hours, and we are after more wages and better conditions and we will have them.

The weather gets pretty warm down here and a fellow sorter looses his pep; even the animals get lazy down here. I was out in the country the other day and saw a dog chasing a rabbit and they were both walking.

As there is nothing more of interest I will close for this time.

Fraternally,
(Tex) Myers, Press Sec'y.

L. U. NO. 474, MEMPHIS, TENN.

Editor:

Just a few lines from Memphis Local No. 474 to let the Brothers at large know how we came out with our new agreement.

As usual it was a compromise. We asked for 85 cents and got 80 cents, with a forty-four hour week. So you can figure and see that we got just what the little boy shot at. We have been getting \$36.00 for forty-eight hours and after June 28, when the new wage scale goes into effect, we will draw down \$35.00 for forty-four hours, so I don't see how I am going to pay out my Victory Bond.

Brothers, business here is just fair at present and we are getting a bunch of fellows in here now from the Muscle Shoals Nitrate plant where a strike is on at the present time, so would not advise any Brothers to contemplate coming here in the near future, but believe conditions will be good here in about three months. The carpenters have a strike on at present and are about the only craft here that had to strike the job to get a new agreement signed and I believe they will win out pretty soon.

Brothers we had quite a compliment paid us on our agreement. The committee from the Master Builders said it was the best one they had ever seen and it sure was a well drawn lot of articles. We had the assistance of Brother Goble when it was drafted and consider ourselves fortunate in having him here at that time.

Well Brothers we are about 100 per cent strong on the inside here and have about signed or promised to sign every shop of any consequence in the city. The Gray Electric Co. and the Slater Co. are ready to line up and when we sign them we will have three shops signed that have fought our organization for years past. Guess they have seen the "writing on the wall" at least I hope so.

We are still looking for a genius to solve the attendance problem. About two meetings before the old agreement expires the hall is filled, but after every thing is ironed out they sit up with a friend, till they need a friend again. (The old Local Union) and then they are there with bells on heaping coals on the gang that runs things, that is the regular fellows, and raising cane about the fines and advance

in local dues and can't understand where the money all goes.

But any time you want to fill the hall for one meeting here in Memphis, just announce and notify the members that an assessment is pending and they come early and stay late.

Our business agent has a nice bunch of applications every meeting night from the Telephone bunch and we hope to have most of them with us before the big demonstration takes place, that is if it has to take place. I for one hope the "big guns" will soon see the light.

If this one gets by I will try another one soon if I don't get canned.

Polk Byrd, Press Secy.

L. U. NO. 543, CHARLESTON, S. C.

Editor:

As this is my first offense in the absence of our Press Secretary, I will try to write a letter to the Worker.

I think Local 543 is one of the busiest local's on the map judging from the time we were organized, just a little over a year ago and it's a rare thing to skip a meeting night without taking in a few new members and giving the Brothers the second degree which no other local can come up to, or at least I don't think so.

And then after running along very nicely for a few months business began to pick up so we could not get along with two meeting night's a month and now we are holding four meetings a month.

And busiest of all is the picnic committee with our old friend H. J. Thayer, who was telling us last night that the picnic would be on the 21st of June with paddle wheels. The country store. Games of all kinds, dancing, target shooting, and a good supply of refreshments.

Now for a few words with Brother Wade of Local 83, and Brother Smith of Local No. 4. Brothers let me be the second brother to indorse your ideas about the Universal Card System and think no better action could be taken than for our delegates to take this matter up a tour next convention and thrash it out for all it is worth. This thing of a Brothers card being good in one local and not in another had ought to be stopped and besides that is not a very good example of Brotherly love. All for me and none for you. No, No, boys come and let us get in on this Universal Card System for sooner or later it will make more scabs than we will be able to take care of, and besides money is not everything as some of the local unions think by holding up a Brothers Traveler so as to get an additional months dues and a Brother is in another city and can't go to work without a permit and when two or more months have passed the other Brothers begin to have their doubts as to whether he is really a member or not.

And then comes Brother Smith's plan for a home for the electricians and Brother Wade's plan to finance this home of which I can think of no better plan. Except that this assessment should be levied through the I. O. or make our dues more and the per capita larger.

Wake up local 130, New Orleans, La., and answer your communications more promptly. I always try to answer my letters as soon as possible and wish other local unions would do the same. Now boys all together (ONE FOR ALL AND ALL FOR ONE.)

Now all you members of Local No. 45, Buffalo, N. Y., wake up and get busy. Don't let your local go through the pipes make a ninety degree bend and run your membership upward and the dues to the bank.

Fraternally yours,

Geo. S. Hudson.
Recording Secretary.

L. U. NO. 558, SHEFFIELD, ALA.

Editor:

In my last letter to the Worker I advised you of our "fishing trip" on the Tennessee river, and will say further many are still fishing and about 75 per cent have left the jurisdiction of 558 and are working elsewhere.

As to grievances with the Air Nitrate Corporation and other companies operating at Muscle Shoals will state that a part of our petition that we mailed to every member of Congress, Woodrow Wilson and several members of his Cabinet, follows:

Sheffield, Ala., June 3, 1919.
To the Members of the Congress of the United States:

Dear Sir:—We are enclosing for your consideration three petitions embodying grievances numbers one, two and three, which has been submitted to the different departments and their officials, including the Secretary of War Department, having jurisdiction over Nitrate Plant No. 2, Muscle Shoals, Ala., without success.

As you can see by the correspondence attached to this petition which has passed between ourselves and the War Department officials, that they are unable to advance any good reason why our just demands are not granted.

The recommendations made to the War Department by Mr. Frederick L. Cranford, who is director of Nitrate Plants, that our demands should not be granted, was unjustified and without foundation, as our answer to him will show you which is attached to this petition.

Mr. Cranford was appointed by President Wilson after our demands were first made last September and did not enter into our controversy until May 10, 1919. Mr. Cranford is president of the Contractors' Association of New York City, and the contractors of that city have boasted of a five million dollar boodle fund to fight organized labor, collected through a direct tax on their members of one twentieth of one per cent of the gross amount of their business yearly. It is to be hoped that we have not yet reached a condition in this country where the contracting employers of New York City can dictate the scale of wages to be paid throughout the United States, including Government officials.

The above discrimination against our members by officials having jurisdiction over those in direct charge of this Nitrate Plant could not be possible except by men whose minds are imbued with malice toward organized labor.

In view of this we appeal to you for an investigation by yourself and others that you may determine the justice of our rightful demands.

We are appealing to President Wilson for justice and demanding in fairness to organized labor that he remove Mr. Cranford from office.

In our conference on May 20th, 1919, with Mr. Stanley King, Assistant Secretary of War, he said: "Your members were penalized for their loyalty in remaining at work through the war period, while other trades at Muscle Shoals secured their demands by striking." At this conference Mr. King agreed to take up our case and give us an answer in 48 hours. He called Mr. Cranford by long distance telephone in New York City, but Mr. Cranford would not change his recommendations and Mr. King decided not to over-rule him.

In view of Mr. King's statement that our members were penalized for their loyalty in remaining at work through the war period we wish to call to your attention efforts that are being made by the private contractors and the War Department officials to put strike breakers to work on Plant No. 2, at Muscle Shoals, though we permitted twenty-one of our

members who were under Civil Service to ailing and maintaining the completed parts of this plant.

It is almost impossible for us to believe that Government officials are now prepared to repay our members for their loyalty by refilling their places with strike breakers.

Though the War Department officials claim this is a private contract and on these grounds our International officers authorized us to strike on May 16th, 1919. The private contractors claim they have no jurisdiction; that the War Department has full jurisdiction to settle our grievances. As a matter of fact, all our negotiations have been with the War Department officials. Mr. King admitted that the War Department could grant our demands, overruling the recommendations of the Air Nitrate Corporation and Mr. Cranford, which is fully justified by the fact that Captain W. A. Monroe, Quartermaster Corps, ordered our members back to work on December 5th, 1918, after they had quit work on November 25th, 1918, stating that our demands would be adjusted in ten days' time. This order has proved that the War Department officials jeopardized our constitutional rights.

In view of the above we hereby petition Congress to grant us our legal and justified claim on the War Department for back pay, due our members back to and including September 21st, 1918.

The War Department officials now claim that they will board up the plant rather than grant our just demands. Thirty-five per cent of the electrical work on this plant is yet to be completed. The War Department has spent sixty million dollars of the peoples' money on this plant.

The citizens of America are demanding that this plant should be completed and put into operation, that the farmers may get fertilizer in order to produce better and more food products. In fact, that the high cost of living shall be reduced any other course will only tend to inflame and encourage the discontent and unrest that prevails throughout the country today.

We humbly beg to submit the above to you for your kind consideration and thanking you in advance for any support that you can give us, we are,

Very truly yours,
H. H. McKittrick,
E. J. Duggan,
Casey Divinney,
Grievance Committee.

Telegrams:

May 25th, 1919.
To Honorable Stanley King, Assistant Secretary War Department:
Washington, D. C.:

Your decision on the 22nd instant not to over-rule the recommendations of Mr. Cranford is regrettable, in view of your statement at our conference with you on the 20th instant, that our members were penalized for their loyalty in remaining at work through the war period while other trades at Muscle Shoals secured their demands by striking. On my report members decided to remain on strike; will you reconsider your decision.

E. J. Duggan,
Box 402, Sheffield, Ala.

Washington, D. C., May 26, 1919.
Mr. E. J. Duggan, International Association of Electricians, Sheffield, Ala:

Am compelled to advise you that my decision is final. Stanley King,

Assistant to Secretary of War.

Fraternally yours,

Press Sec'y, Local 558.

L. U. NO. 584, TULSA, OKLA.

Editor:

Brothers we are still fighting for the best interest of the I. B. We got the Public Service Light settled, and the boys were reinstated and all is well, as long as it goes well. Brother Sam Traunnell is still improving. He first was sick and then was sicker. He broke out with smallpox, worse than all it affected his eyes. We hope by the time the Brothers read this he will be back on the job. I have the pleasure of a new job, after two years without a day off. I unloaded my grievance on Brother Crummie Anderson. He is pretty well satisfied. Brother J. A. Norris thinks a rubber pole would be about the thing for light and power companies to have in stock, in case of a walk out they could install a few of them right quick. Then should they get a long tail or a Billy shears lineman, all they would have to do in case of trouble, would be hang a hand line on the head of the pole, pull it over, shoot Mr. Trouble, turn the line loose and the pole would go back in place. 584 has about twenty Brothers that have not returned from the colors. We hope to see all of them back with us soon. Most all the Brothers are working but I want to say to you again this high cost of living is something terrific. Brothers be careful what you do, the I. B. E. W. does not need a headline in the daily paper as a law violator. I have a new patch on my pants and my stomach is full, so I think I can make the grade till payday.

Brother Dan Chitwood is back in town. By the way that reminds me it has always been a mystery to me which Dan enjoys most, chewing Pearless and spitting against the wind, or working on cypress poles. I think some of our brothers are figuring on the future. If I understand it right, on the next trip to old mother earth their aim is to get a girl that is not afraid to stay home on meeting nights, and I think myself we would have a better attendance and not so many Brothers looking for roll call and the door. I don't hear of any big jobs around the magic city coming soon. Brothers she is deadened for this month.

Fraternally yours,
O. L. Woodall,
Press Secretary.

Card No. 109685.

L. U. NO. 607, ST. LOUIS, MO.

Editor:

Just a few lines from St. Louis and vicinity to inform the Brothers and Sisters that St. Louis and Vicinity is making a very serious attempt to go over the top 100 per cent organized. That we might be able to have a machine with which to work, all the Locals of St. Louis and vicinity, which are as follows: 1, 2, 309, 607, 624, 640, 703, 888 and 116A, have formed a joint executive board, which is known as the Conference Board of the International Brotherhood of Electrical Workers of St. Louis and vicinity.

We can readily see that with the close co-operation of all the Local Unions and their members that the Electrical Workers will be hard to beat in this locality. Although the Board has only been in existence about four months, we have accomplished many things, too numerous to mention through the Journal. The Board has been rendered very much assistance by Brother Jennings, International Organizer.

Brother Jennings has been able to organize most of them employed on the telephone properties in this locality and also brought about a condition by which we believe, we will have one of the best Tele-

phone Operators Local in the country in St. Louis, in the next couple of months.

Sister May E. Mathews, Secretary of the Telephone Operators Department is in St. Louis, at the present time, working in co-operation with other representatives, in reference to organizing the operators. I want to say in conclusion that men under the leadership of Brother Jennings and the women under the leadership of Sister Mathews, will put up some fight if they are called on.

Will advise Brothers and Sisters from time to time through the Journal as to the progress we are making. With best wishes to all Brothers and Sisters of the I. B. E. W., I am

C. J. McSpaddens,
Secretary-Treasurer.

Conference Board of I. B. E. W., Local Unions, St. Louis and Vicinity.

L. U. NO. 625, HALIFAX, N. S.

Editor:

A few words from 625 to let you know, although we were almost blown off the map by the explosion of December 6, 1917, we have sufficiently recovered to go after new wages and conditions, having petitioned for a forty-four hour week, 75 cents per hour, overtime for Saturday afternoon, and so on, which to us looks pretty good. We are glad to say we are not fighting alone this time, but have on strike with us all the building trades, which number in the vicinity of two thousand.

We have still a scab element to contend with who seems to delight in seeing the boys walk around the streets endeavoring to get better conditions for them and theirs. "But its a long lane that has no turning."

At present we have five unfair men to contend with, namely, Townsend, Butler, Griffin, Mullins and Arthur, the last three belonged to our local but went back scabbing on our last strike of eighteen weeks. But withal we succeeded in securing all we went after. At a largely attended strike meeting of the Building Trades addressed by prominent labor speakers who gave some good advice as to conducting a strike which if followed out means nothing but a win. However, we advise all brothers to keep away at present, as we intend to stick and of course the bosses say the same, so in my next letter will let you know who is lying.

F. H. Nickerson.

Pres. and Press Secretary.

L. U. NO. 635, DAVENPORT, IOWA.

Editor:

Since my last letter we have been getting along O. K. and about all the shops are lined up, and as our new agreement is out but as yet not signed up by the bosses, we all feel they will soon with double time for over time and 75 cents per hour straight time. The government houses are now finished and gave quite a few of the brothers plenty of work all winter. At present there are some not working at wire pulling, but as building is now opening up we expect to have a good year and no more trouble of any kind, as all grievances come up before a board of two union men, two of the bosses and one disinterested person. In that way we are in hopes of everything going right and keep the brothers on the job. We will soon have election of officers and would like to see some of the brothers who did so well at their jobs to reinstate them again for another term. We now have about sixty brothers, and all see the good the I. B. E. W. is doing for them. Our B. A., Horatio Smith, is working hard to line up the few who are not with the bunch, and as he is a hustler we

will soon see results. This is about all this time. In my next letter I will give the names of our new officers.

Fraternally yours,
H. Berg, P. S.

L. U. NO. 666, SOUTH RICHMOND, VA.

Editor:

I will now write "Finis" to a struggle which started five months ago, and sketch a little history of it, in hopes that its perusal may benefit some other L. U. with symptoms of the "dollar-an-hour-or-nothing-fever. (Kloter, please note fulfillment of your prophecy.)

In December of last year, on receipt of circulars and calls of different descriptions from other locals, and with promise of signing up from five Contractors, we decided to put in a demand for one dollar per in the face of a threatened cut in wages. After futile efforts to bring about a peaceable settlement with all contractors, we called a strike on Jan. 3rd, two days later only one contractor was paying the scale, the others having repudiated their agreement and locked the men out. When about three weeks had passed and no signs of a settlement, we organized and incorporated a co-operative contracting shop with a paid-in capital of \$1158.20. This firm through judicious management and co-operation of its employees, has been a success from its inception. It has met and overcome insurmountable obstacles from enemies, a few of which are: refusal of credit, which compelled us to pay cash for and on each purchase which connected with the loss of time and was a hard nut to crack; cornering of different materials of a special nature by other firms; refusal of lamp contracts or even discounts on quantity purchases lamps accompanied by actual cash, if such lamps were for resale. In fact one large supply house accepted our contract for lamps, then repudiated it and has since billed us for difference between contract and non-contract prices, which we purchased with cash payment and in good faith under our contract. They endeavored to put out of action a municipal statute, which has protected us for several years, but thanks our friends the move was defeated. They have tried to bribe our members, but failed in most instances. We were last week, notified that the lease on building we now occupy, will not be rendered after August. We have seen work withheld from the market, because our influence was enough to get the work and the owners were intimidated through business connections into withdrawing such jobs. They have caused dissension in our ranks, to no avail, out of eighty-five men effected by the strike, only nine have scabbled.

We have, with the initial investment of \$1158.20 done nearly \$17,000 of business, paid out \$7,000 for labor, and have at present time nearly \$3,500 in outstanding accounts and stock on hand, all since our opening on January 24th.

But all those strenuous efforts have been in vain, in-so-far as an ultimate settlement of the difficulty is concerned, our men after being out these five months (of H. C. L.) have simply gone the limit of endurance.

We have now arrived at a stage, where to preserve the organization we are permitting our men, individually, to return under the old conditions of employment. Those of us who cannot get back under any conditions will no doubt be employed by our co-operative firm, unless the employers bring pressure through their employees in stockholders meeting and force us to close. To L. U.'s about to make demands for increases, we say look a long time before you strike.

Fraternally, G. M. Miller,
Fin. Sec.

L. U. NO. 688, MANSFIELD, OHIO.

Editor:

As Mansfield has not been mentioned in the Worker for some time, perhaps our brothers, who have traveling cards or in other ways may know of Local 688. Thought I would send in a little news for them.

Would like to state that Local 688 is now operating as a mixed local and meets the 2d and 4th Tuesdays of each month, having given up our other two meeting nights to the Mans. Building Trade council that was recently organized and in two months time has a 100 per cent organization and closed shop agreements with the Master Builders organization and also the backing of the C. of C.

All of the Electric contractors of the city have signed agreements and closed shops, but the Electric Light Co. and The Mansfield Tele. Co. are still closed shops.

Pres. Pluck has handed in his resignation and Brother Richard Curry has been elected to fill his unexpired term. Hoping that Pres. Curry will always show the same good judgment as president that he always has in private life the local has given him the assurance of its whole support in anything he proposes to start.

Hoping to see this in the Worker soon, I remain

Fraternally yours,
J. F. Kniton, R. S.

L. U. NO. 716, HOUSTON, TEX..

Editor:

Local No. 716 not having a letter in the last Worker caused the press secretary to be balled out by some of the members, and not wanting to go through it again, I will try and get my letter in on time.

We have been holding our own as far as the work is concerned up to the present time, but conditions are improving and we are looking forward to a banner year. We organized the Railroad Electricians and took them in Local No. 716, but after taking in the telegraph men and signal men it became necessary to give the railroad workers a local of their own. On next Monday night the new local will be installed and this will give Houston Texas three good size locals. The membership of this local should be around to see one hundred mark in the next ninety days. The local was pleased with the vote on the per capita tax to the I. O., as we all know that it takes money to do anything and I am sure that it will not be missed by the members and the I. O. will be able to carry on the work of the international office. The engineers of this city have tried their best to take away the biggest part of our membership on the grounds that the A. F. of L. has awarded it to them. Well they have tried every way possible to pull it, but up to the present time they have not made much of a success, and they never will, as the electrical workers have spent their time and money to organize these men and we are the ones that got the conditions for them and the members know it and appreciate it, and they are not going to give up the electrical workers. The strike situation in Dallas and other northern cities in Texas was put to the local at its last regular meeting, and after due consideration they gave the striking locals in north Texas \$500. and we will give all we have if it becomes necessary, as we fully realize the necessity of winning this strike against the T. P. & L. Co.

The Texas State Federation of Labor held their convention in the city of Beaumont last week and a very interesting convention was held and considerable good work was done. The electrical workers played a big part in the convention and it was the largest delegation of electrical

workers that ever attended the State Federation. Brother Weber, of Beaumont, was chairman of the entertaining committee and he is to be congratulated on the way he handled the crowd, and what it takes to do it Brother Weber has it.

Will close for this time, hoping to have another letter in the next issue of the Worker.

Fraternally yours,

Press Secy. Local 716.

L. U. NO. 734, NORFOLK, VA.**Norfolk I. B. E. W. Celebrates Its Anniversary.**

Norfolk, Local Union No. 734, I. B. E. W., made up of all civil service electric workers, at the navy yard, naval base and naval magazine, on Saturday night at their hall, Eagle's home on Church street, gave an entertainment in celebration of their first anniversary as a separate local union.

The Lafayette Players, with light comedy and song, entertained the big crowd assembled for more than two hours. They did their work well and it was enjoyed by all.

Miss Rankin, lady organizer for the A. F. of L., was present and made a short, enlightened talk upon the importance of organization work among women workers generally, stressing the situation of the teachers in our schools, relative to pay conditions, etc., which are to say the least very bad indeed.

Commander Knox, shop superintendent of the Norfolk navy yard, was present and made a short, interesting, well informed talk of a non-committal nature in keeping with his position and the conditions governing same. However, it is well known to the workers generally, that Commander Knox is a very democratic official, or in other words he accepts the conclusion, that relations between employer and employee should be handled in a commonsense manner that is provided through trade unions.

The Radio Trio, of the navy yard electrical shop, rendered some good music which met the hearty approval of the audience.

The Mason and Dixon quartette appeared as one of the very best features of the entertainment, as their harmony is unsurpassed, and the pep with which they sing appeal to all.

Lloyd Dalby, of the electrical shop, came in for a good bit of praise for his recitation of Kelly's dream.

Mr. Edison, of electrical shop, entertained for a short while with some high class acrobatic work, which was well enjoyed.

After the entertainment in the lodge room, the audience was guided to the banquet room on the ground floor where refreshments including ice cream, cake and soft drinks were served while those who cared to, enjoyed themselves in dancing to the jazz music furnished by the orchestra.

The entertainment committee, J. F. Cherry, chairman; F. F. Nessmith and W. F. Watley, won the praise of the crowd for the way in which the program had been arranged, and was carried out. J. J. Giles, chairman of the local shop committee, acted as reception committee, and most of the other officers of the local were kept busy with details including the serving of refreshments.

This local has grown in one year from about fifty members until now there are 275, with new members coming in all the time, as they seem to be attracted by the sane, conservative way in which the local is conducted and the well nigh perfect conditions that exist between this local and its employers. The local is affiliated with the Portsmouth labor body, and with the State Federation of Labor. They have a representative on the board of directors of

the Home of Labor, of Portsmouth, have stock in the Labor Temple, bonds of every drive carried on by the Government, and have throughout concerned themselves with what is best for the greatest number.

They openly condemn the I. W. W. and the Bolsheviki. They have no Utopian ideas as regards the future. They are 100 per cent American, and want to see above all else, a happy prosperous condition obtain throughout this world, in which the American working man will be able to maintain his family consistent with his high ideals.

The officers of the local are at present Joe Rosanna, President; W. C. Humphries, Vice President; J. C. Caylor, Recording Secretary; R. T. Creekmore, Financial Secretary, and O. T. Ayers, Treasurer.

J. W. Bragg, Press Sec'y.

L. U. NO. 738, ORANGE, TEX.

Editor:

Well brother wiretwisters its too hot and dry, very dry, to hit the ball on this pin pushing, but while we are a small outfit, we want you all to set up and take notice that we have the first closed shop agreement with a shipyard in the United States and five cents per hour more than any other craft. Also I. B. E. W. men operate the cranes. The I. O. helped us greatly in putting it over. And here's to putting it over the engineers at the A. F. of L. convention, as every wiretwister ought to know our "friend"? "Jack of all Trades," the stationary engineer. Who hasn't had unpleasant dealings with them. The only time they call in a wiretwister is when they get stuck. The "dinkey skinner" is a pretty good umbre, but not his brother the stationary man. Well some of you "disappointed numbers" in 315 take one and tell Koch to charged it to me. Reckon I will bring him a Gotoi" back to add to the decorations. We carry all sizes in stock in this neck of the woods. Well as this shipyard game is about "blowed up" a lot of these wiretwisting and pipe wrestling umbres will be hitting the trial or — well you all know when we don't ride the cushions. Back to their old stamping grounds. I sure am glad to note that Gary and South Chicago are getting lined up strong. It's a hard nut to crack and here's to their success.

Fraternally yours,
H. B. Hotthouse, R. S. L. U. 738.

L. U. NO. 755, CLARKSBURG, W. VA.

Editor:

Having just been elected Press Secretary, I will try and let all wire fixers know that L. U. No. 755 is still on the map. We are still new, but getting along fine. Things have been slack here as you know this is a coal region and the miners have been working one and two days per week. And that makes it bad for every one concerned. Clarksburg is getting her eyes open to Unionism. Our Mayor, Joe Craddock is a union printer. We have a union Fire Department, a union paper, The West Virginia Labor News. By the way the employees of the Monongahleia Valley Traction Company had a get together meeting at Fairmont and consolidated or Federated all Locals, represented 1400, elected Laurance Satterfield, President. He at present holding that position with L. U. No. 755. We all think it was the right course to pursue. We are going up in July to get our new agreement signed. At present, line work is slack. We are just finishing a 66,000 volt line for the M. V. T. Co. from Hutchison to Rivesville a distance of 14 miles. Don't know what

is in sight. How is the Virginia Light and Power Co.? Any one know

News is scarce, I remain

Fraternally yours,

W. H. Dotson.

Press Secretary.

L. U. NO. 775, LOS ANGELES, CAL.

Editor:

Just a few lines from Local Union No. 775 to let the Brotherhood know that we are living and holding meetings every Tuesday evening regardless of the many discouragements that come in the way of all unions.

Our one regret is the resignation of Bro. C. H. Morgan from the office of Financial Secretary. He has been a faithful and loyal worker, having taken the office the first part of December, 1918, when things were in a very bad condition in general, owing to the flu which prevented our holding meetings for more than a month, his one aim was for the interest and welfare of the Local. But now other duties make it impossible for him to attend the duties of the office, he has the sincere thanks of the Local for his untiring services and our sincere wishes for success in the future.

Greeting and Best wishes to electrical Workers Journal and all I. B. E. W. Locals.
Minnie Epp, R. S.

L. U. NO. 810, MOBILE, ALABAMA.

Editor:

Didn't send in any news last month but that was because we were so busy making news we hadn't time to write any.

During last month there was a general walkout at the plant of the International Shipbuilding Co. at Pascagoula, Miss., which territory is under the jurisdiction of this local, and it kept our business agent and financial secretary "mighty busy" for several days working for an amicable settlement of the differences that had crept in between our members and the employing company. Our officers worked hand-in-hand with the representatives of the other crafts and all were rewarded for their efforts with a complete closed shop agreement with the International Company—the electricians were even given, in this agreement, five cents per hour more than the scale laid down by the Macy award.

In addition to the above, we are now one hundred per cent organized at Pascagoula whereas before the strike we were only about twenty per cent organized down there.

On last Sunday we had a delegation, composed of Bros. W. C. Farnell, D. E. Sommer and John McGuire, go down to Pascagoula and initiate a class of eleven new members. This leaves only one more in that district to be initiated—and he'll get "his" in a few days.

The resignation of our beloved President, Victor B. Hoyt was read and, regretfully, accepted at our meeting of April 29th. We are glad to see Bro. Hoyt take a move for the betterment of his personal conditions, financially and otherwise, but cannot restrain our selfish inclinations—in other words; "Go! Brother, for your own good, and God bless you abundantly in your new field of endeavor! But, somehow, we just hate to give you up."

At our meeting last night we elected Brother O. A. Dewey to the office of president. In Bro. Dewey we feel confident that we have a man who will prove as capable as he is faithful. And that means, that as soon as he has had time to get the situation well in hand he will make our local a president that will measure up to the high standards established by our esteemed past president.

I would tell more, but guess I'd better leave a little space in this month's Worker for some of the other locals.

Fraternally,
Press Secretary.
L. U. No. 810, Mobile Ala.

L. U. NO. 812, LITTLE ROCK, ARK.

Editor:

Generally speaking, everything is nice for 812. However, there seems to be quite an epidemic of various ailments throughout our membership, which, strange to say, suddenly attacks them on the first and third Monday evenings of each month. I understand this is a chronic condition, which exists among the I. B. E. W's, but it is seriously affecting the business of our Local. About 70 per cent of our membership might be compared to the old gentleman who, when asked what church he attended, replied, "Well, the one I stay away from when I don't go is the Presbyterian." Nevertheless we are lined up 100 per cent. Much of the credit for this is due to the tireless efforts of our energetic committee-chairman, Brother R. N. Pedrick, who leaves no stones unturned and no brush heaps untrampled.

Our General Chairman, Brother J. T. Phillips, is spending a few days with us to get the remainder of the headlight work turned over to us. The Machinists have always done the headlight work here, and while it was given to us by both Order No. 27 and our agreement with the company, yet they hold on to it as though they were grown fast. Brother Phillips will also try to get back the ten signal men, who left us to join the American Brotherhood of Signalmen.

We are still hopeful of getting a national agreement, but are becoming insistent that we get an answer from it without further delay. We know the Government officials are very busy men, but six months is a long time to take for an answer when men are being under-paid and their families suffering. Starvation never waits on red tape.

Our membership is growing slowly. We are less than nine months old and have a membership of twenty-seven, besides the ten Signal men. The company occasionally adds a new man, but I would not advise any Brother to come here hoping to get work, as there is always a half dozen applicants awaiting the job.

Well, boys, let us all stick together and pull steadily and we will win. The roar of the cannon has ceased and the Peace Treaty is about to be signed, but the war is not over. We find we have eight and a half millions of people who cannot read and three millions who cannot speak the English language. This is the material under which the fires of anarchism, bolshevism and radicalism are smoldering. These uneducated people who know practically nothing about our Government, political and social affairs, are an easy prey for the German bolshevist. Any wonder they can find men who will attempt a nation-wide bomb plot? I didn't get to wear khaki or buy as many bonds as I should have liked, but I intend to say and write what I can to overcome bolshevism and her allies.

Let us talk up for our Government among the men with whom we work, especially the uneducated. If every one who believes in this government would talk half as much as the anarchists do the poor, ignorant fellow would not be led away, and the German sympathizer would shut up.

Yours for better times, better working conditions and better homes.

N. F. Pifer, Press Sec'y.

L. U. NO. 817, NEW YORK.

Editor:

The flight of time brings many changes; changes of great importance that mean everything to the world and the people in it; changes of less importance that do not affect all, but have a strong bearing on a few. The outcome of these changes cannot be forecasted and again time is depended upon to bring about the resulting effect, favorable or unfavorable. Because of the great war many changes were made that would have otherwise never occurred. Among some of these changes was the taking over of the railroads of this country by the United States Government. At the head of all the roads was placed a man whom all the railroad workers have grown to love, William G. McAdoo. He was made Director-General of the United States Railroad Administration, and has done more for the workers than any other man of his time. Wages were increased, conditions were improved, and organization became popular. All because of the sanction of William G. McAdoo, who believed in a fair and square deal for the workingman. Strong rumors have been floated that the railroads are soon to be returned to their former management. Will the conditions remain the same, or will more changes be made? What will the flight of time bring?

Organization is the main support on which the workingman can rest, and it is something that must be looked upon by all of us with great respect. Any disparaging remarks made against organization is a harmful and injurious proceeding and certainly does not help the cause of the workingman. Organization must be appreciated and not depreciated. This must be understood by all, and lived up to by all. Organization, like Our Flag we love, must not be trampled in the dust, but must be carried on to victory and followed by those who are as loyal to organization as they are to their country. This is the duty of every member of organized labor to see that it is carried out, and to allow no one to undermine the foundation upon which organization rests.

At our regular semi-monthly meeting, May 20, we had the extreme honor of the company of our Organizer, Brother Edward Kloter. He delivered a very interesting talk, and gave us some valuable advice, which no doubt we needed, and will profit by. Brother Kloter's heart and soul is in his work, which to be proven, one has only to hear him talk. The meetings are being well attended, even though some people seem to think that all that is necessary to be a member in good standing is to pay their dues. This only keeps them in good standing on the books. To be kept so in the eyes of their fellow-members, their presence at the meetings is required.

The art of accord is a great study, and should be deeply looked into. Success, where different forces are involved, can only be had when there is complete harmony between these forces. When a discordant note is struck in the combination of musical instruments, it is immediately heard with great dissatisfaction. Just so in the combination of the minds of men. When this happens serious results are liable to occur, unless a remedy is found and the cause of the discord is eliminated. Then, and only then, can success be assured when this discordant note has been brought up to a pitch where perfect harmony can be obtained. Therefore, all discordant notes must be struck out in order to obtain successful results as the outcome of organization.

Fraternally yours,
C. H. de Santo, Press Secretary.

L. U. NO. 822, CHICAGO, ILL.

Editor:

We are getting along fine and hope to continue so. We just got over a contest started by Brother Ed. J. Evans for new members, offering a diamond stickpin for the one getting most new members by the 21th of May. It run about three weeks and Brother A. O. Conn won, he having gotten 17 new members. We took in about 100 new members in the drive and are still adding up.

We gave a dance the 24th of last month at the Masonic Temple in South Chicago, which was well attended and a good time was enjoyed by all.

We sent two delegates to the Steel Council Convention at Pittsburg and are looking forward to having a good representation at New Orleans.

We have everything in first-class condition and are going strong, with no friction and free from politics. If you are looking for pep and co-operation 822 is the place to find it. Pay us a visit. We meet every Tuesday night at the Moose Hall, 92nd and South Chicago avenue, and always have our door open to visiting Brothers, and willing to listen to a good talk from him. We are with the telegraphers 100 per cent and will stick as one man for their success and humanity in the U. S. A. as well as abroad.

We are not working in full at present, but everything looks bright and are looking for an early opening up in business and lots of work for everybody. Shorter hours will bring it, so let's all howl for eight hours and lots of 'em.

Yours fraternally,

H. O. W. Cowherd, P. S. No. 822.

L. U. NO. 841, TOPEKA, KANS.

Editor:

I will write a few lines to let everyone know some of the happenings of our part some ten years ago.

We are steadily growing, receiving new applications every meeting. All returning soldiers who go to work in our trade who are eligible, fall in line.

You know some fellows try to bluff the world by their revengeful actions, but the only good that comes of it is to cause them to sink deeper in the mire.

I said that I would make a report on the wage schedules presented to the companies who are represented by the employees who are members of Local 841. The Bell Company granted an increase of 20 per cent a month. That was better than nothing. That's about all we can say. Bro. Walt Price of the Topeka Edison Light Co., held out for 60c an hour and finally got it with an 8-hour day. At last report the City Light people had not done anything in regard to granting an increase in wages.

If Jack Dempsey wears specs, wonder if he will take them off before he comes near the ring. It might be a good idea, Jack, to take notice in time.

We all enjoyed a rare treat on the evening of June 9th—ice cream and cake by Local 96a, the telephone operators. We all enjoyed ourselves, and hope to return the invitation at some future date. With best wishes for the Brotherhood, I remain,

Fraternally yours,

H. N. Lower, P. S.

L. U. NO. 862, JACKSONVILLE, FLA.

Editor:

As I have been elected Press Secretary of Local 862, I will try and give you some idea of what is going on in our city, as you know our Local is only a young one. I cannot tell much that we have done, but what little time we have been in existence

we have accomplished quite a lot. No. 862 was organized along some time in December. As I was not a member at the time it was organized I cannot say the exact time, but at any rate we have now on roll call somewhere in the neighborhood of 65 members, all railroad electrical workers in Jacksonville and vicinity, and new members continuously coming in.

Well, thank goodness, we are assured of an early and favorable settlement between Locals 732, Portsmouth, Va., and No. 862, Jacksonville, Fla., upon sending a delegate 16-5366-JUNE E. W.

to Washington, D. C., to get the controversy settled. He called on Mr. McDonald, who assured him of the early decision and we all feel confident that everything will be settled up favorably to all concerned before next month.

I might mention also that our telephone girls have been out on strike for more money and better conditions since Saturday, May 17th, and are getting along fine, and we are all confident that they are going to win, as every union man in the city of Jacksonville are standing behind them with their dollars and moral support.

Trusting this article will be published in our next month's Journal, I am

Yours fraternally,

J. H. Kirchain, Press Sec'y,
care S. A. L. R'y Shops.

L. U. NO. 880, PITTSBURG, PA.

Editor:

This being the writer's first Decoration Day off will try and start it right by giving a few moments to the good of the cause, for a good start means a good ending. Since writing you last Local 880 has moved into their new hall, "The Moorhead hall, Second Ave. and Grant St., and must say that we have a dandy big room—plenty of chairs, light, and being upon the third floor, we have plenty of air.

We have just closed a very good month, considering the weather and counter attractions. We are taking in new members every meeting night. Were lucky, and had our most welcomed Brother Bennett with us. He sure does make things hum, and everybody likes to see him drop in as often as he can. But we also realize that he is a very busy man and that when possible he will be at our meetings, which have been well attended and full of business.

The writer attended the Steel Conference meeting here at the Labor Temple May 25, which was well attended by I. B. E. W. Brothers from all parts of the country. Had the pleasure of meeting Brother Evans and Brother John C. McCadden. Saw Brother Broach and was sorry I could not talk with him. Hope that when any of the Brothers are in Pittsburg on Wednesday night that they call around and see us.

Work is still slack, but with better prospects in view. Things look like they would be running right again in a short time.

Local 880 has decided that hereafter, starting with the first meeting night in July, that the first and second meeting nights in the month will the obligation of new members be put on, and continuing the same way every month. So, Brothers, please remember and have your new members and yourself attend the meetings. Come often that we will become better acquainted with one another. Try and devote one evening out of seven at your Local's meeting. Let us all pull the same way and make a mark, set an example, and keep moving at top speed all the time. The other fellow is, and when the time comes, "for it is sure coming", we will be well prepared. United we stand, divided we will fail, and fail, too.

Hoping that I am not too late for the next issue of the Worker, I will close with

an invitation to all visiting Brothers to attend our meetings.

Jack Keeling, Press Sec'y.

L. U. NO. 885, CHICAGO, ILL.

Editor:

I was elected Press Secretary for L. U. 885, R. R. of Chicago, Ill., and will try to do a little writing to keep my job.

As I look over the daily papers, I see that the U. S. A. is to go dry July 1, 1919. There will be no more beer, my heart to cheer, and no more whiskey. Dear, Brother, do you all know what that means to you and to me on a hot summer day. A nice cold glass of beer our hearts to cheer. Liberty was a grand and glorious thing to our forefathers, but it ain't very much now if they take the liquor away why they will take tobacco away next, and it will go down the line to take this and that away we wont have anything left but the river; but what the use of sadly pining, you might jest as well be gay if you haven't friends or money in the river you can jump and they will bury for nothing it's a good world after all. But the main issue is try and get all the Electrical Workers in the I. B. of E. W.—the signal men and linemen on all the railroads in the U. S. A. and Canada.

Dear Brother, if this gets in print I will try again. I thank you.

John H. Wolf, Press Sec'y.

L. U. NO. 902, ST. PAUL, MINN.

Editor:

Here is a starter from Local 902. I want to say first, though, that I am neither Recording Secretary nor Press Secretary, but just a member of our Local under instructions to put something in the Journal to let you know that we are alive.

Our Local's headquarters are at St. Paul, Minn., and our charter covers the Great Northern, Omaha and Northern Pacific systems, giving us jurisdiction over all electrical workers who are employed by these companies, so you see that we have quite a field to draw from.

It was last fall when we first began to hear the "union" talk, and to make it interesting there were two different factions after us. One of them was the O. R. T. (Order of Railroad Telegraphers), and the other, well, the I. B. E. W. of course! The O. R. T. had an advantage over the I. B. E. W. in that they had Organizers in the field, after telegraphers, who lost no opportunity to knock the I. B. E. W. and get all the applications possible from the men in our department. By that, I mean division linemen, crew men and telephone inspectors. They made fair progress for a while and got quite a few of our men to sign up with them, but the efforts of Brother McGlogan at St. Paul and the aid that Local No. 23 of that city gave him began to bring results for the I. B. E. W., and by March 1st, this year, we were strong enough to ask for and be granted a charter, as above mentioned. While speaking of Brother McGlogan, I want to say that he deserves all the credit in the world for our success in getting such a fine start and that he is certainly one live wire in our Local today.

I do not think that there is a man in our department who is still in the O. R. T. They have all listened to reason and been shown that the I. B. E. W. is the proper place for them, with the result that they have transferred to our Local. Personally, I have nothing against the O. R. T., but I do think that they were going beyond their bounds when they tried to insist that we belonged in their order. I believe that men should belong to orders composed of men who are in the same line of work and

whose working conditions are nearly the same. Better harmony will exist and better results will be obtained.

The linemen and inspectors of the G. N. are nearly one hundred per cent strong and more men are coming in right along. When men "sign up" like our men have been doing, and without the aid of an Organizer, it surely proves that we all believe in "unionism" and know where we belong.

Though the Director General of Railroads was good enough to order wages increased to various extents in the different departments of railroads, some of the companies have been rather slow to apply "Supplement No. 4 to General Order No. 27" to their Telegraph and Signal Departments, among them, the Omaha railroad. However, I am glad to say that through the endeavors of our Local and our General Chairman, Brother McGlogan, the Signal Department of the Omaha has received the benefit of the above mentioned order, which is retroactive to January 1st, 1918. Can you think of any reason why we shouldn't have a membership 100 per cent perfect from that road now? I can't!

At present the G. N. membership in our Local ranks first, the Omaha comes second and the Northern Pacific third. At the rate the Omaha and N. P. men are coming in, it looks as though it would not be long before they will be up with us, and I hope that they will. The more the merrier!

For your information will say that our leading officers are:

Brother H. L. Jenkins, Recording Secretary, St. Paul, Minn.

Brother C. J. McGlogan, Financial Secretary and Treasurer, 1704 Grand Ave., St. Paul, Minn.

Brother H. Lutscher, President, St. Paul, Minn.

Meeting place Trades Union Halls, 75 West 7th St., St. Paul, Minn.

Meeting date: Second and fourth Sunday afternoons each month.

Yours fraternally,

Local No. 902.

L. U. NO. 916, BELLEFORTAR, O.

Editor:

This is our first attempt to come out and we are about over the top. Getting along O. K.—2 and 3 new members each meeting night. We now have 28 members.

Best wishes to all the Brotherhood and every effort for the advancement of our great organization, I am

Otis Ruby, P. S.

L. U. NO. 923, LEBANON, PA.

Editor:

Local 923 is well started in its organization. All the Electrical Workers have not yet joined in the city, but we are getting them a few at each meeting till all have joined.

Electrical work is rather scarce, but we manage to pull through.

Our attendance is rather poor and we must do something to make all come who can.

With best wishes for success to all.

Stanley Lewars.

L. U. NO. 948, FLINT, MICH.

Editor:

I am writing to let the Brotherhood know that Flint, Mich., is in commission

and doing business once more. The local was reorganized by Bro. Patton and we have secured our charter (948) and are taking in new members pretty regular. We have an efficient set of officers and the local is giving them good support. Our worthy president is Bro. Clayton Grobe, an old member of the Flint L. U. that was some ten years ago. Bro. C. F. Hatch, recording secretary, another resident of Flint, who is in touch with the conditions here. Bro. E. J. Guildbault, financial secretary, who is very well known and liked. We also have a good strong executive board, and in fact, all down the line the brothers are tried and true to the I. B. E. W. We meet at the Labor Temple, 111 West Hearsley St., every Tuesday night, at 8 o'clock. Business agent at Labor Temple every work day from 12 m. to 1 p. m., and 5 p. m. until 6 p. m. This is a mixed local here and all brothers coming this way must deposit their T. C. or come under the permit system. The trade is fair here, and all brothers are working at present, although it is a little slack for linemen at present. We have a wage agreement drawn up and will be presented just as soon as it is approved by the I. O., calling for 87½ cents an hour, which is more than they receive at present. We will try and keep in touch with the sister locals through the Worker.

Now don't think of the old saw, "a new broom sweeps clean", for L. U. 948 is here to stay and keep on growing as our good city is growing and we hope to be just as crowded with good union men as our city is crowded for housing now. I will close, wishing prosperity in the near future to all.

Yours fraternally,

H. A. Craig, B. A.

P. O. Box 51, Flint, Mich.

UNITED ELECTRICAL LEAGUE OF CHICAGO HOLD JUBILEE.

Editor:

Wicker Park Hall held a record crowd Saturday evening, March 23th, when 900 Electrical Workers gathered to celebrate the fifth annual anniversary of their League in the 27th, 28th and 33rd wards. Its avowed object was to revive its pre-war social custom, when the members and their families gathered for the first time in two years. The United League's souvenir program was enriched with another achievement by intrepid friends of our city, mostly through the efforts of the trade, and brother Eddie O'Connor, President of the Triple Ward Electrical League, assisted by his efficient secretary, Ralph Bronson. The other officers are: Charley Butler, Vice President; Sherman Jasper, Treasurer; while Brother A. Mueller is the strong Sergeant-at-Arms.

Some graphic pictures depicting the proceeds of these occasions, or what becomes of it, is self-explanatory to witness that the League is not run for profit, but for pleasure, to further the expense of hall rents, printing, socials and entertainments. This is applicable and satisfying to our many friends and contributors and particularly to our membership.

The success of our reception and ball is due to the untiring efforts of Charley Paulsen, Chairman of the Arrangement Committee, and his able assistants. The Reception Committee was in charge of Max Jasper, Chairman, and his assistants, Matt Bludeau and Charley Uhler. The Floor Committee distinguished itself with honors and was headed by Brother Daniel Murphy, Chairman, a gentleman about town, and his prominent assistants, Mack L. H. Larson and Eddie A. Woodart. Though there may be malcontents in our movement who will cavil at the dance

committee men, they will, when the facts are placed before them, we feel sure, unite with us in paying tribute to those colleagues who, in face of overwhelming odds, added fresh luster to our Brotherhood.

Already teeming with glorious exploits to its thousands of friends the complete reorganization of its central body is announced, thereby eliminating the various complaints which were voiced from time to time by its membership. The purpose of the league is to promote the welfare, both political and social, of its membership. We are strictly non-partisan in our political policy and support only issues which are for the good of the masses and of interest to the electrical trade, and municipal office seekers who will pledge themselves to a platform embodying these principals.

We invite all union electrical workers to join the ranks of the United Electrical League and help boost for electric work for electrical workers under strict union conditions. Thus ends an immense story and an enjoyable occasion and a final dash for home, motoring through the gray mist of early dawn. We ask "Bob", what had you on your hip that made the boys sick—We had old Taylor from 147 in person with us, but not in "Bond", ask Ralph, he knows, some "Rye".

Very fraternally,
Mack Larsen.

BREST, FRANCE, MAY 25, 1919.

Brest, France, May 25, 1919.

Editor:

After sixteen months foreign service with the A. M. F. as a buck private in Company B, 23rd U. S. Engineers, I will try to give you, and through the Journal, the Brothers of the I. B. E. W., a brief outline of my travels and experiences in France.

On the 15th of November, 1917, having left my card in the hands of the worthy brothers of Local No. 57, Salt Lake City, Utah, I volunteered and was enlisted for service with the engineers. After a week at Fort Douglas, along with four other rookies, I was sent to Camp Meade, Md., where we underwent a little over two months intensive drilling before embarking for France on the 24th of January, last year. We landed here at Brest on the 5th of February, our company was split into three detachments and the detachment I was with was sent to Bordeaux, where we worked Spanish labor on the roads for over two months. From there we went to the front, up in the Toul Sector, where we joined the first detachment of our company and for several weeks we were engaged in road repairing, behind the lines in the day time and up to the lines at night. During the summer we worked all along the front, split up in small detachments. I had a little trouble shooting to do on telephone lines, but most of the time I was either using a pick and shovel myself or supervising the work of German prisoners, American negroes or pioneer infantry. The signing of the armistice found us at Beaumont, near the famous Mont Sector, working a negro labor battalion on the roads up to the lines, and all ready to enter the fighting line in case the Germans didn't sign and the Allies started a drive on Metz. After the signing of the armistice we worked around Toul and up in Alsace-Lorraine, until about two months ago, when we were sent to the LeMans Embarkation Camp and worked around there for several weeks. From there we

went to a forwarding camp about 7 or 8 kilometers west of Le Mans, where we had several inspections and were reviewed and inspected by General Pershing. We came to the embarkation camp here at Brest about a week ago and having passed beaucoup inspections of all kinds, are impatiently waiting for a transport which will take us back to the good old U. S. A.

Wherever it was possible to obtain juice, another fellow and I looked after the wiring and lighting of billets for our company; also cleared up lines of communication and installed 'phones in our headquarters. There is another I. B. E. W. man in my company, Corp. Jack Manning, a narrow back out of 595, Oakland, Cal. Have met several Brothers at different places over here.

Have enjoyed two seven-day leaves here in France. One to Aix-les-Bains and Chambery, in the Alps mountains, down below the city of Lyon, and the other to Monte Carlo and all points on the Riviera; also across into Italy. There is some very beautiful country in Southern France. The Riviera, along the shores of the Mediterranean, is an ideal place to spend a furlough, and I sure enjoyed my trip down there.

Through the good graces of Brother Jimmie Burch, who at the time I enlisted

was Business Agent of Local No. 57, I have been receiving the Worker almost every month, which I peruse with great interest and for which I also desire to thank you.

I have often seen the Salvation Army scoffed at and made fun of in the States, but over here I have seen them, without any great to do, set up a small canteen in some old shot-up building, and in a short time be serving the boys doughnuts and coffee or chocolate (also cigarettes) free of charge. We, who scoffed at them before this war and then came over here and witnessed their devotion to duty and services rendered, will return with the greatest respect for their organization and many a coin will hit the drum head when there are any veterans of the A. E. F. on the street. Woe unto him who scoffs at them in the presence of an A. E. F. man. Along with the Red Cross and K. C., they have done some wonderful relief work over here.

Hoping this comes to the attention of the Brothers of 57 and that I will be a civilian again before a great while, I remain
Yours fraternally,

Emmett S. Smith.

Pvt. Emmett S. Smith, Co. B, 23rd Engineers, A. E. F.

HUBBELL, MICH.

Editor:

I am sending you a post card picture that we had taken in Coblenz, Germany. Would like to have it in the Worker top row standing from left to right: Fred Spring, Thomas Flynn, Jim Cothren, Will

Whidden, White Halmgren, Mart Larson, Nimil Larson; bottom row sitting: John Waitfield, Pharley Yowell, Brother James, Charley O'Connors, Harry Kennedy.

This was taken right after we chased the Huns over the River Rhine.

Fraternally yours,

Mart Larson,

Hubbell, Mich., Box 65.
